DRAFT RULES UNDER THE AGRICULTURAL AND SANITARY IMPROVEMENT BILL.

1. For the purpose of determining the cost of a work as defined in section 2, clause (3), interest, if charged, shall be calculated –

(a) in the case of a recoverable deposit or advance made by a local authority or person, at such rates and from and to such dates having regard to the dates of recovery under this Act, as may be prescribed for a loan taken from Government under the Local Authorities Loans Act, 1914 (IX of 1914) or the Land Improvement Loans Act, 1883 (XIX of 1883), respectively, so far as may be practicable, as if it were such a loan;

(b) in the case of a recoverable advance made direct by Government without recourse either to the Local Authorities Loans Act, 1914 (IX of 1914) or the Land Improvement Loans Act, 1883 (XIX of 1883), at a rate of not more than 6¼ per cent. per annum on the expenditure in any financial year from the first day of the following year till the middle of the total period expected to be taken up in recovery.

2. If the estimated cost of the work involved in a scheme either exceeds Rs. 50,000 or involves a rate greater than Rs. 15 per acre of the area estimated to be benefited by the proposed improvement, such scheme shall be deemed to be a major scheme.

3. The Collector may certify after consulting the Superintending Engineer through the Executive Engineer under sub-clause (iii) of clause (8) of section 2 that a scheme which affects any other scheme or a tidal or other important river, Government canal, public embankment or railway should be treated as a major scheme although the total estimated cost does not exceed the limit prescribed in rule 2:

Provided that if the Collector disagrees with the Superintending Engineer, he shall refer the matter to the Local Government for orders and shall certify the scheme in accordance with such orders.

4. No scheme can be modified under section 5, sub-section (2) or section 8, sub-section (1) (b) without reference to the Engineer or to engineering, agricultural, sanitary or other experts according to the nature of the matter involved, for advice on technical points.

5. The notice under section 6 shall be in the form given in schedule A and shall be published in the manner laid down in rule 20. The time to be allowed for objections or suggestions shall not be less than 30 days from the date of the publication of the notice.

6. In minor schemes the Collector shall, as soon as possible after the expiry of the period fixed by the notice published under section 6, fix a date and place for considering the objections or suggestions received in regard to such scheme and shall inform the persons making the objections or suggestions as well as the applicant accordingly. It shall not be necessary for the Collector to record statements of witnesses in detail, but the Collector shall make such brief memorandum of evidence as he may deem necessary.

7. When a minor scheme is accepted by the Collector under clause (b) of sub-section (1) of section 8 or when a major scheme is accepted by the Committee under section 10, the Collector or the Committee shall at the same time determine—

(1) how the work is to be financed, i.e.—

(a) whether the working cost should be advanced in the first instance by the applicant; or

(b) whether after reference to the Local Government or a local authority, the cost may be advanced by the Local Government or local authority or jointly between them; or

(c) whether the cost should be provided for partly under (a) and partly under (b); and

(2) how the total cost should be distributed, i.e., what proportion of the cost shall be ultimately met by (a) the applicant, (b) the Local Government, (c) any local authority, and (d) the landlords and tenants collectively of the local area:

Provided that no local authority shall be called upon to advance or meet the cost or any portion thereof unless such local authority is the applicant or has agreed to advance or meet such cost.

N. B.—The cost may be advanced by the applicant or by a local authority, by taking a loan from Government under the Land Improvement Loans Act, 1883 (XIX of 1883) or the Local Authorities Loans Act, 1914 (IX of 1914) as the case may be.

8. (*1*) The Committee appointed under section 9 shall consist of not less than nine members, excluding the Collector, of whom at least half shall be selected by the District Board and other local authorities concerned from amongst themselves, and the remainder shall be representatives of the land-owning and cultivating interests of the local area to which the scheme relates:

Provided that the Commissioner may add representatives of other interests, *e.g.*, a railway, if involved in the scheme:

Provided also that if the District Board or other local authorities do not select the number of representatives allotted to them by the Commissioner, the Commissioner shall fill up the vacancy or vacancies in such manner as seems to him fit.

(*2*) Where several local authorities are concerned the Commissioner shall determine how the number of representatives allotted to the District Board and the local authorities shall be distributed amongst those bodies.

9. (*1*) As soon as possible after the appointment of the Committee the Collector shall fix a date and place for the meeting of the Committee and inform the members as well as the persons making the objections and suggestions and the applicant accordingly.

(*2*) No business shall be transacted in any meeting unless at least half the number of members of the Committee are present.

(*3*) The Chairman shall preside at every meeting of the Committee but in case of his absence at the time of holding a meeting the members present may choose one of their number to be President of such meeting.

(*4*) It shall not be necessary for the Committee to record statements of witnesses in detail, but it shall cause to be made such brief memorandum of evidence as it may deem necessary.

(*5*) Questions at any meeting of the Committee shall be determined by a majority of votes of the members present; and in case of an equal division, the opinion of the Chairman shall prevail.

10. The map to be submitted by the Engineer under section 17, clause (*b*) shall show the extent of the area benefited where recovery is to be effected from the landlords and tenants of that area. It shall also show in different colours, so far as possible, the degree of benefit derived or estimated to be derived by the different parts of the area, if there is a substantial difference in such degree of benefit. For this purpose there shall not ordinarily be more than four degrees of benefit in the classification of land, such as 16 annas, 12 annas, 8 annas and 4 annas.

11. The map referred to in section 18, sub-section (*2*), shall be published at the same time that the order of apportionment under section 18, sub-section (*1*), clause (*iii*), is published by keeping a copy of the same open for public inspection for a period of not less than 30 days in the office of the Collector or the Subdivisional Officer, as may be found convenient, and of the District Board or other local authority concerned. The fact of such publication shall be also notified along with the publication of the said order of apportionment.

12. In apportioning the share of cost under section 18, sub-section (*1*) clause (*iii*), the Collector shall determine—

(1) Whether and, if so, how the total cost recoverable from landlords and tenants shall be allocated over the different areas as may have been classified according to the degree of benefit on the map referred to in rule 10.

(2) What proportion of the cost shall be borne by the raiyats taken together and what by the landlords of all grades together. For this purpose a landlord in *khas* possession of any land shall be treated both as landlord and raiyat.

(3) What should be the basis of the apportionment. Area shall ordinarily be adopted as a basis if a record-of-rights has been prepared or revised; but the apportionment may be made on the basis of cess payable under the Cess Act, 1880, or on the profits of landlords or on any other basis where on account of intricate subinfeudation or for any other reason it appears more convenient to adopt such different basis. In the case of non-agricultural lands or premises benefited by a scheme relating to sanitary improvement the apportionment shall ordinarily be made on the basis of the municipal tax payable in respect of such lands or premises under the Bengal Municipal Act, 1884, or the chaukidari tax under the Village Chaukidari Act, 1870, or the union rate under the Village Self-Government Act, 1919, as the case may be.

(4) How the landlords' share shall be divided amongst the different classes of landlords. For this purpose the Collector shall take into consideration the extent of the interest of such landlords in the lands benefited, the rent payable whether it is fixed in perpetuity or not, and, where the tenures are for limited terms of years, the unexpired periods of such terms.

Explanation.—Where the area basis is adopted calculations may be made from the lowest grade upwards where there are several grades of landlords in the following manner :—

(*a*) Permanent tenure-holders holding at rents fixed in perpetuity, *e g*, patnidars, or rent-free holders shall pay the whole of the landlord's share.

(*b*) Other permanent tenure-holders shall pay three-fourths of the landlord's share.

(*c*) Temporary tenure-holders shall pay as follows :—

(*i*) In cases where the lease has 16 years or more to run the lessee shall pay three fourths and his landlord one-fourth of the landlord's share.

(*ii*) In cases where the lease has over two years and under 16 years to run, the lessee shall pay such proportion of three-fourths as the unexpired number of years of his lease bears to 16.

(*iii*) In cases where the lease has 2 years or under to run, the landlord of the lessee shall pay the whole of the landlord's share.

(*iv*) If there is no current lease or no fixed term, the landlord and the lessee shall each pay half the landlord's share.

(*v*) The remaining period of the lease shall be reckoned in each case from the close of the agricultural year in which the statement and particulars referred to in section 18, sub-section (2), are published.

Illustration.—In a case in which the recoverable cost-rate is Rs. 9 per acre and it is decided that the share of the raiyat shall be Rs. 4 and that of the landlord Rs. 5, the rate may be divided as below in two possible cases of subinfeudation :—

CASE I.		CASE II.	
Class.	Amount recoverable per acre.	Class.	Amount recoverable per acre.
	Rs. A.		Rs. A. P.
Proprietor	Nil	Proprietor	2 10 6
Patnidar or rent-free holder ...	1 4		
Permanent tenure-holder or a temporary tenure-holder with more than 16 years of lease to run	3 12	Temporary tenure-holder with 10 years of lease to run ...	2 5 6
Raiyat	4 0	Raiyat	4 0 0

(5) Whether and at what rates the under-raiyats of any class shall pay for the benefit to their lands. Ordinarily raiyats or under-raiyats shall not be charged for any land in which they have no right of occupancy.

(6) What minimum charges shall be borne by the landlords and tenants individually.

(7) Whether and under what conditions instalments may be allowed for recovery of cost. There shall not be more than one instalment in any one year and the number of instalments in any case shall not ordinarily exceed three, unless the total rate payable by the landlords and tenants exceeds Rs. 10 per acre, *e.g.*, if under the specimen apportionment order given in Schedule D the landlords or raiyats were liable to pay more than Rs. 5 per acre.

13. The Collector's decision on the matters referred to in rule 12 shall be embodied in the order of apportionment which shall then be published

under section 18, sub-section (2), together with the statements of total cost and of its distribution prepared under section 18, sub-section (1), clauses (i) and (ii), in the manner laid down in rule 20.

14. Specimen statements showing the calculation of the total cost of a work, the distribution of the same and the method of working out the cost-rates in a given case, and a specimen order of apportionment are given in schedule D.

15. The detailed statement under section 19 shall be published in every village of the local area by affixing in a conspicuous place a copy of the statement or of such portion of it as relates to that village, and the fact of such publication shall be proclaimed by beat of drum in the village. A specimen statement is given in schedule E.

A general notice in the form in schedule C shall at the same time be published in the manner prescribed for publication of general notices in rule 20.

16. (1) The recovery of costs shall be made when the Collector has confirmed the detailed apportionment statement under section 22, or when not less than one month has elapsed after the commencement of the final publication of the record-of-rights, if any, prepared or revised under section 14, whichever date is later.

(2) Copies of any record-of-rights, prepared or revised shall be distributed at the time of recovery amongst the landlords and tenants according to the rules for the preparation of record-of-rights under the Bengal Tenancy Act. A complete copy shall also be supplied to the applicant if he does not otherwise get such copy.

(3) Recovery shall be made directly from the landlords and tenants, and general notices shall first be served upon a whole village or other convenient area stating the date on which and the place at which payments will be received and copies of record-of-rights distributed.

(4) The isolated sums due from large landlords shall so far as possible be brought together in one account and sent to the assessee together with a notice fixing a day before which payment shall be made.

(5) Notwithstanding anything in the order of apportionment, the Collector may, in the case of a large demand whether from a landlord or tenant or to prevent hardship in any particular case, allow reasonable instalments for payment.

(6) If the sum due from a landlord or tenant is not paid and no satisfactory explanation is forthcoming, it should be recovered by the procedure under the Bengal Public Demands Recovery Act, 1913.

(7) If before the amounts are collected a landlord or tenant dies or transfers or abandons his estate or tenancy or any part thereof, recovery may be made from the person in possession of the former holder's interest.

(8) The same procedure for recovery from landlords and tenants shall be adopted whether the advance sought to be recouped has been made by the Local Government or a local authority or persons.

17. Before any lands or works can vest in any local authority or person under section 30, such local authority or person must execute a registered agreement accepting the following conditions:—

(1) That the land taken or acquired permanently under the Act for the purpose of a scheme and any work constructed under the Act shall be held by the local authority or person for the purposes of the said scheme.

(2) That should the said lands or works at any time cease for a number of consecutive months specified in the agreement to be held and used or cease to be required for the purposes of the scheme or should the maintenance of the said lands or works or any water-channels, embankments and dams included within the scheme, whether reconstructed, cleared, altered, enlarged, excavated or cut under the Act or not, be neglected for a number of consecutive months specified in the agreement or if it is desirable in the public interests that such maintenance should be undertaken by the Local Government, the Local Government may summarily enter upon and take possession of the said lands, works, etc., and thereupon the interest of the local authority or person in the said lands, works, etc., shall absolutely cease and determine or shall cease and determine for a specified period.

(3) That the local authority shall refund to the Local Government (i) the capitalised cost of the maintenance of the work as included in the cost of the scheme if the Local Government takes possession permanently, or (ii) the cost of the maintenance of the work as included in the scheme for the period if the Local Government takes possession for a specified period.

(4) The said cost of maintenance shall be recoverable under the Bengal Public Demands Recovery Act, III of 1913.

(5) That during the period of maintenance all profits of the scheme shall be credited to Government.

18. It shall be competent for the Collector to inspect or cause to be inspected at any time any work of which the responsibility for maintenance lies with a local authority or person, and also to enquire into any action taken for such maintenance by such local authority or person.

19. (1) When the Local Government maintain a work executed under this Act, recoveries on account of the capitalised cost of maintenance shall be credited to general revenues under an appropriate head; and expenditure shall be met from the budget provision which shall have been previously made for the purpose.

(2) When a local authority or person is responsible for the maintenance of a work, the Local Government shall make over the administration of the sum recovered as the estimated cost of maintenance to such local authority or person.

20. *Service of notices.*—The notices under section 6 (form in schedule A of these rules), the statements and particulars, including the order of apportionment, under section 18, sub-section (2), the notice prescribed in rule 12, and other general notices and proclamations shall, except when otherwise specifically provided, be published by affixing a copy in a conspicuous place in every village concerned, the fact of such publication being at the same time proclaimed by beat of drum in such village. A copy of the notice shall also be affixed at the offices of the Collector, the Subdivisional Officer and the District Board or other local authority concerned, and at every Munsif's Court, Registration office and Police thana within the limits of which such village is situate.

The examination will be conducted on paper and *viva voce*, as may be deemed necessary.

If any Candidate is prevented by sickness or any other adequate cause from attending such examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination.

* Instructions, showing the extent of the examination, will be issued to Selected Candidates as soon as possible after the result of the Open Competition is declared.

10. The selected Candidates will also be tested during their probation as to their proficiency in Riding.

The examinations in riding will be held as follows:—

(2) Again, at the time of the Final Examination. Candidates who may then satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of all the duties of the Indian Civil Service will be awarded marks ranging between 101 and 200 according to the degree of proficiency displayed, to be added to their marks in the Final Examination. Candidates who fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100; they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government.

A Candidate who fails at the end of the year of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding, will be liable to have his name removed from the list of Selected Candidates.

11. The Selected Candidates who, on examination, shall be found to have a competent knowledge of the subjects specified in Regulation 7, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character, conduct during the period of probation, and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Indian Civil Service provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary to the Civil Service Commissioners, London," at any time after the 1st December, in the year previous to that in which the Examination is to be held. No person will be admitted to the Examination from whom the Secretary to the Civil Service Commissioners has not received on or before the 1st June (or, if that date should fall on a Sunday or public holiday, then, on or before the first day thereafter on which their office is open) in the year in which the Examination is to be held, an application, in the handwriting of the Candidate, on the prescribed form.

APPENDIX.

1. Any person who has joined, since the 4th August, 1914, the Army or Navy, or Royal Marines or the Royal Air Force, or has rendered since that date actual military service in the Special Reserve or Territorial Force, Royal Naval Reserve or Royal Naval Volunteer Reserve, may, if eligible in point of age under the Regulations as they now stand for admission to the open competitive examination held in 1920, but over age in 1921, deduct from his actual age at the time of the open competitive examination held in 1921:

(*a*) The actual period of such service, if it has not exceeded three months.

(*b*) One year, if the actual period of service has exceeded three months. No candidate will be allowed to deduct more than one year from his actual age.

2. The same concession may also be granted to those who have been employed during the same period in connection with the armed forces of the Crown at home or abroad gving their whole time and under obligation to serve for the duration of the war or until their discharge, or for any period not terminable at their own option, provided that their employment be not on ordinary commercial terms, such as that of Assistant Paymasters, Clerks, Artisans, and the like.

3. The grant of the concession described in paragraph (2) will be at the discretion of the Civil Service Commissioners, whose decision in each case will be final. Candidates who contemplate applying for an age deduction under (2) will do well to apply to the Civil Service Commission for a ruling on their case.

4 Candidates to be eligible for the concessions in (1) or (2) must furnish an official certificate of the period and satisfactory character of their service and if any doubt arise whether the service of any candidate is of the kind contemplated, the Secretary of State for India in Council reserves to the Civil Service Commissioners the right to decide the case upon its merits.

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements :—

(i) *Selected Candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes; but the requirements of the Public Service will rank before every other consideration.*

(ii) *Except in the case of persons continuing to receive Scholarship allowances of equal or greater amounts from the Government of India an allowance amounting to £200 will be given to any Candidate who passes his probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz.. the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrews and Aberdeen; the School of Oriental Studies, London Institution, Finsbury Circus; Victoria University, Manchester.*

This allowance will be paid to the selected Candidate in four instalments on the following dates respectively:—December 24th, after his selection, March 25th, June 24th, and the date of his signing his covenant on being finally appointed to the Service.

An allowance on account of passage to India will be paid to each newly appointed civilian to the amount of £40, for passage to Calcutta, Madras or Bombay, and £50 for passage to Rangoon. These allowances will only be paid after production of evidence that the Officer has engaged a First Class *passage. An officer who prefers it can have a First Class passage taken for him by the India Office in lieu of receiving a passage allowance Applications giving proposed dates of sailing should be made to the Secretary, Judicial and Public Department, India Office. London, S.W. 1.*

The payment of each of the first three instalments will be conditional on the receipt, by the Secretary of State, through the Civil Service Commissioners, of a Certificate that the Candidate has fulfilled up to date the requirements of the Authorities, and shown satisfactory conduct at the Authorized University or College; the fourth and final instalment will be paid as soon as the selected Candidate has signed his covenant, and for its payment no certificate from College Authorities will be required.

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State.

(iii) *Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety, jointly and severally, to refund all monies he may have received from the Secretary of State for India in the event of—*

(1) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or*

(2) *his subsequent failure to execute the usual covenant, and to proceed to India, as and when he shall be directed by the Secretary of State for India.*

(iv) *All Candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force, they may be required to make towards their own pensions or for the pensions of their families. The stamps payable on these covenants amount to £1.*

(v) *The seniority in the Indian Civil Service of the Candidates obtaining Certificates will be determined according to the order in which they stand on the list resulting from the combined marks of the Open Competitive and Final Examinations, but may ultimately be affected by appointments made by the Secretary of State under the Temporary Provisions Act, 1915.*

(vi) *Candidates obtaining Certificates will be required to report their arrival in India within such period after the grant of their Certificates of Qualification as the Secretary of State may in each case direct.*

(vii) *Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the Candidate.*

SECTION B.

LANGUAGES WITH HISTORY AND LITERATURE. *Subjects.* 7-22.—History and Literature will, as far as possible, be brought into close relation. In History, candidates will be expected to show a knowledge of the original authorities. They must also be prepared to answer questions on Historical Geography, and to draw sketch maps. The questions on Literature will require first-hand knowledge of the authors: and the authors dealt with will be those which candidates ought to have read. Passages of Literature may be set for comment on matters of social, political, legal, or other historical importance. Questions on Philology and the older forms of the languages may be set, but will not be compulsory.

In the conversation test importance is attached to pronunciation. The study of phonetics is an important aid to correctness of pronunciation, and candidates who take modern languages will be expected to have studied phonetics in connection with the language or languages taken.

7. *Latin, Translation, and Prose or Verse Composition.*—The composition paper will be so arranged that a candidate may confine himself to prose composition or to verse composition or, if he prefers, may take some prose and some verse.
8. *Roman History and Latin Literature.*—The outlines of the history and development down to 180 A.D should be known; but the main stress will be laid on the period 133 B.C. to 117 A.D.

14. *German History and Literature.*—Candidates should know in outline the history of the Medieval Empire, of the growth of the German cities, of the Reformation in Germany, and of the Thirty Years' War; but the main stress will be on the period from the accession of Frederick the Great to the present day.
16. *Spanish History and Literature.*—In history the main stress will be laid on the periods from the Union of Castile and Aragon under Ferdinand and Isabella to the liberation of the Netherlands, and again from 1800 to the present day.
16. *Italian History and Literature.*—In history the main stress will be on the 15th century and the first half of the 16th century, and again on the period from 1789 to the present day. Sufficient should be known of the earlier period to understand the position of the Pope and the Emperor in Italy, the rise of the towns, and the position of Dante in history.

18. *Russian History and Literature.*—Something should be known of the history since the accession of Peter the Great, but the main stress will be laid on the period from 1800 to the present day. Only the broadest outlines of the history prior to Peter the Great will be required.

20. *Arabic History and Literature.*—The main stress in both history and literature will be on the period from the middle of the 6th century A.D. to the middle of the 13th century A.D.

22. *Persian History and Literature.*—The main stress in both history and literature will be laid on the period 1000 A.D. to 1500 A.D. Candidates will be expected to have a general knowledge of the history of Persia before 1000 A.D. and from 1500 A.D. to the present time.

FOREST BRANCH.

NOTIFICATION.

No. 944For.—The 8th February 1921.—The following regulations for the appointment, in India, of Probationers for the Imperial Forest Service in 1921, are published for general information.

W. S. HOPKYNS,
Secretary to the Govt. of Bengal (offg.).

Regulations for the appointment, in India, of probationers for the Imperial Forest Service in 1921.

Applications are invited from natives* of India and Burma for probationerships for the Imperial Forest Service. Candidates of European or Anglo-Indian descent must be unmarried and, if appointed as probationers, must remain unmarried until completion of the prescribed course of training and their return to India.

2. Applicants, who should not be more than 23, nor less than 19, years of age on 30th June 1921, must possess an *Honours*, or a first class, degree, in any subject, of a University incorporated by law in British India.

3 Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Testimonials or other recommendations should not be attached to the applications.

4. Applications, which should be addressed to the Secretary to the Government of India, Department of Revenue and Agriculture, Simla, *through the Revenue Secretary of the Local Government concerned*, in the case of residents in British India, *and through the Political Officer, or Agent* in the case of residents in Indian States, must be in the form attached to these regulations and *must reach Simla not later than the 15th May 1921*. Copies of the regulations and of the forms of application may be obtained from the Secretary to the Government of India, Revenue and Agriculture Department, the Revenue Secretaries to the Governments of Madras, Bombay, Bengal, the United Provinces, the Punjab, Burma, Bihar and Orissa, Assam, Central Provinces, the Chief Commissioners of Coorg, Ajmere, Delhi; the Chief Commissioner and Agent to the Governor-General in the North-West Frontier Province, the Agent to the Governor-General, Baluchistan, and Political Officers of Indian States.

5. Applications must be accompanied by a preliminary medical certificate of fitness for service in the Forest Department, signed by a Presidency Surgeon or the Civil Surgeon of the district or agency in which the applicant resides. This certificate is intended to prevent applications from candidates who are obviously physically unsuited for the Forest Service and will not exempt candidates from appearance before the final Medical Board.

6. Applications from officers already in the public service, whether as probationers or on a permanent establishment, will not be entertained.

7. Candidates, who from their papers and from the remarks made by Local Governments, or Political Officers or Agents, in forwarding their applications, appear *primâ facie* to be suitable will be summoned by the Government of India to undergo a written qualifying examination in English (the test will be by precis writing as well as by an essay: deductions of marks will be made for faults of writing and spelling), Mathematics (Arithmetic; Algebra up to and including the Binomial theorem; Plane Trigonometry up to and including the solution of triangles and the theory and use of Logarithms), and Science (candidates must appear for examination in any two of the following subjects:—Chemistry, Physics, Botany, Zoology, Geology and Physiology and must, with their applications, state which two they have selected). The standard of the papers set in the Science subjects will be that of the B. A. (Honours in Science) degree of the Madras University. These examinations will be held on 15th, 16th and 17th June 1921 at local centres,

* "Native of India" means any person born and domiciled within the dominions of His Majesty in India or within the territory of Indian Princes tributary to, or in alliance with, His Majesty, of parents habitually resident in India and not established there for temporary purposes only.

namely, Rangoon, Calcutta, Allahabad, Lahore, Bombay and Madras. Candidates must state in their applications the centres at which they wish to appear if called up for examination. This choice once made may not be varied.

Copies of the papers in English and Mathematics set in the qualifying examination of 1920, may be obtained from the Secretary to the Government of India, Department of Revenue and Agriculture.

8. Candidates who have satisfactorily undergone the tests referred to in paragraph 7 will be summoned by the Government of India to appear at Dehra Dun in the first week of August 1921, where they will first be required to undergo a physical test, which will consist of an excursion extending over about 15 to 16 miles and of such a nature as to test candidates' activity and power of endurance. Those completing this test satisfactorily will next be subjected to a strict medical examination, in which particular stress will be laid on good vision and hearing; when, if passed as fit for the work of the Forest Department, they will be interviewed by a selection board appointed by the Government of India.

9. Candidates will not be entitled to any travelling allowance for journeys performed in connection with these regulations, with the exception that those summoned to appear at Dehra Dun for the physical test, medical examination and interview, referred to in paragraph 8, who come from a greater distance than 200 miles for this purpose, will be paid half the cost of a second class fare [by rail or (and) by sea] for the journeys to, and from, Dehra Dun. This allowance will be paid by the President, Forest Research Institute and College, Dehra Dun, before the candidates leave Dehra Dun.

Candidates must make their own arrangements for board and lodging at Dehra Dun, but the President, Forest Research Institute and College, will endeavour to assist those who communicate with him on this subject.

10. Those finally selected as a result of the examinations, tests and interview prescribed in paragraphs 7 and 8, will be appointed as probationers for the Indian Forest Service; they will be required to leave for England early in September and, subject to their undergoing satisfactorily, as described below, a course in Forestry and allied subjects in England, will be appointed finally as Assistant Conservators of Forests. Candidates selected for training will be provided with second class passages to England, but the cost of travelling to the port of embarkation will not be paid.

11. *Period of probation.*—Before appointment to the Imperial Forest Service a probationer will be required—

(1) to have undergone, and qualified in, to an extent to be prescribed by His Majesty's Secretary of State for India the course in Forestry at such University as the Secretary of State may prescribe:

(2) to have undergone a special course of instruction in Forestry under the direction and supervision of the Director of Indian Forest Studies;

(3) to have passed an examination in Forest Engineering and, if required, in certain other special subjects, namely, Systematic Botany of Indian Trees, Indian Geology, Forest Law and Indian Working Plans;

(4) to have undergone a final competitive examination in Foresty;

(5) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The period of probation is, in ordinary cases, two years. The Director of Indian Forest Studies instructs probationers in each case as to the order and manner in which they should fulfil these various requirements.

12. *Charges.*—Probationers will be required to defray all expenses of lodging, board, tuition and excursions to forest centres in the United Kingdom while at the University and on practical instruction.

13. *Allowances.*—The Secretary of State for India in Council makes payment to each probationer at the rate of £200* per annum, not exceeding a total of £400. These payments are ordinarily made on the following dates in each year:—

On 1st December	...	...	...	...	£60
On 1st March	...	...	..	...	£60
On 1st June	...	...	...	...	£80

*This allowance is unlikely to be sufficient to meet all the needs of a probationer, who should be in a position to provide himself with at least another £150 per annum from other sources.

The cases of probationers whose probation does not extend over the full period of two years will be specially considered.

For tours made on the Continent, under the instructions of the Director of Forest Studies, subsistence and travelling allowance will be paid by the Secretary of State for India in Council at such rates as he may from time to time fix. The fees of the local forest officials, at the centres visited, will also be paid by the Secretary of State.

The grant of allowances is subject to the following conditions:—

(a) that the progress of the probationer in his studies is satisfactory;

(b) that the probationer gives security* to refund the payments in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 16 or failing to join the Indian Forest Service at the end of the period of probation.

14. *Conduct.*—Every probationer is required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he is liable to have his name removed from the list of probationers.

15. *Appointment and seniority.*—Probationers who comply with the requirements of paragraph 11 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, are appointed Assistant Conservators in the Indian Forest Department, provided that they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. No probationer will be confirmed as a member of the Imperial Forest Service who fails to profit by the course of training, or who appears, in the light of the experience acquired as to his capacity and qualifications during the probationary period to be unsuited for the work of a forest officer.

The position of the Assistant Conservators in the Provincial Forest Lists is determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies. Officers promoted from the Provincial to the Imperial Service will take rank according to their pay in the latter service. Probationers recruited under these regulations must consequently be prepared to find their names placed below those of officers promoted from the Provincial Service.

Probationers are allowed at the end of the period of probation to state their preference in respect to the province to which they desire to be allotted; but the distribution is made to the several provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council, and no guarantee can be given that probationers will, on appointment, be posted to their own provinces. Indians will not, however, be required to serve in Burma and Burmans will not be required to serve in India.

Officers are at all times liable to be transferred from one province to another at the pleasure of the Government of India.

16. *Articles of agreement.*—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

17. *Passage to India.*—Each probationer on appointment to the Indian Forest Service is provided with a free 1st class passage to India.

18. *Salary.*—The scale of pay and allowances in force for officers of Indian domicile is given in Appendix II to these regulations.

19. *Promotion and pension.*—Promotion and pension are governed by the regulations laid down by the Government of India, and applicable to forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government.

* Probationers will be required to give security to the Local Government or Political Officer through whom they submitted their applications. If this condition is not satisfied, they will not be permitted to leave for England.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service will be found in Appendix II, and a summary of information regarding pensions is contained in Appendix III.

NOTICE UNDER THE BENGAL ELECTORAL RULES.

IN the Court of the Commissioners appointed under section 34 (2) (*a*) of the Bengal Electoral Rules at Berhampore (Murshidabad).

G. B. MUMFORD,
President of the Commissioners.

JALPAIGURI, *the 9th February 1921.*

Case No. 1 of 1921 under Bengal Electoral Rules.

TO HIS EXCELLENCY THE GOVERNOR OF BENGAL,

CALCUTTA.

Election petition, Annoda Prosad Sanyal of Berhampore town, in the district of Murshidabad, Elector No. 1881 in the Electoral Roll of district Murshidabad, petitioner, *versus* (1) Babu Surendra Narayan Sing, of Nehalia, in subdivision Lalbagh, district Murshidabad, (2) Babu Ramanimohan Sen, of Sayedabad thana, Berhampore town, district Murshidabad, (3) Babu Anil Kumar Chatterjee, of Berhampore, district Murshidabad, (4) Babu Jnanendra Narayan Chaudhuri, of Nimtita, subdivision Jangipur, district Murshidabad, (5) Babu Kali Krishna Banerjee, of Gorabazar, district Murshidabad, *respondents.*

The humble petition of Annoda Prosad Sanyal, Elector No. 1881, in the Electoral Roll of the district Murshidabad in Bengal

MOST RESPECTFULLY SHEWETH :—

I. That the aforesaid respondents stood candidates for election as a member of the Bengal Legislative Council from the non-Muhammadan constituency in the district of Murshidabad in the Presidency Division.

II. That the votes were recorded on the 3rd and 6th December and they were counted by the District Magistrate on the 10th instant, and the result of the counting is given below :—

1.	Babu Surendra Narayan Sing	... ...	3,178 votes.
2.	„ Ramanimohan Sen	... ...	2,440 „
3.	„ Anil Kumar Chatterjee	... ...	2,029 „
4.	„ Jnanendra Narayan Chaudhuri	...	720 „
5.	„ Kali Krishna Banerjee	... ...	353 „

III. That the District Magistrate on the said 10th instant declared Babu Surendra Narayan Sing as elected.

IV. That Your Excellency's petitioner begs most respectfully to submit that Babu Surendra Narayan Sing, the returned candidate, secured a very large number of votes by corrupt practice. A synopsis is given below :—

1. Payment of bribe to voters in the shape of cash money by the returned candidate's agents and men.

2. Payment of money by the returned candidate and his agents or promises to pay to the naibs and gomosthas of some zemindars and talukdars, to secure votes.

3. Payment of money in Government Currency Notes at Roghunathganj to an influential man for securing votes for the returned candidate, by the candidate himself.

4. Promises of payment of money by the returned candidate's men to various parties at Lalbagh, Dhulyan, Barala, Jangipore, Sagardighi, Panchthupi, Jiaganj, Baluchar, Murshidabad and various other places for different purposes, viz., theatricals, jatras, library, school building, and to secure votes

5. Treating by the returned candidate's agents and men of the voters on the 3rd and 6th instant in very expensive and luxurious ways with *poloa* and sweetmeats in one polling station and *luchis* and sweetmeats in many other polling stations.

6. Publication by the returned candidate and his agents and others with his connivance in the local newspaper, "Murshidabad Hitaishi" of statements of facts regarding the character and conduct of other candidates, which were false and which the returned candidate or his agents did not believe to be true.

7. Voluntary interference by the returned candidate's agents with the right of electors to vote independently by the publication of leaflets and otherwise.

V. That Your Excellency's petitioner has come to learn that on the 3rd of December 1920 when the poll for some wards within the Murshidabad Municipality was taken at the municipal office there was no enclosure in the polling ground and the polling station was not closed after the second hour, viz., 3 P.M., with the result that many electors came and were allowed to vote illegally after 3 P.M., although there was no such enclosure.

VI. That Your Excellency's petitioner has come to learn that the returned candidate Babu Surendra Narain Sing, some time before election, came to see Babu Anil Kumar Chatterjee, who was a rival candidate, and asked him not to stand as a candidate and to withdraw in his favour. Your Excellency's petitioner has further come to learn that the said Babu Surendra Narayan Sing represented falsely to Babu Anil Kumar Chatterjee that Babu Ramanimohan Sen, another rival candidate, would withdraw in his favour. Babu Anil Kumar Chatterjee not having agreed not to stand as a candidate Babu Surendra Narayan Sing threatened him saying that he would never allow Babu Anil Kumar Chatterjee to be returned and would spend any amount of money for that purpose and for the purpose of being elected himself.

VII. That on the facts stated and under the circumstances mentioned above Your Excellency's petitioner humbly and respectfully prays that—

(*a*) Babu Surendra Narayan Sing's election be declared void and be cancelled, and

(*b*) Babu Ramani Mohan Sen, the candidate, who got the next largest number of votes, be declared elected.

VIII. That Your Excellency's petitioner begs to deposit herewith a 3½ per cent. G. P. Note numbering 152526 of 1900-01 of the face-value of Rs. 2,000, the market value of which is more than one thousand rupees, as security for costs and respectfully prays that Commissioners may be appointed by Your Excellency for the trial of the petition

And as in duty bound Your Excellency's petitioner shall ever pray.

ANNODA PROSAD SANYAL.

I, Annada Prosad Sanyal, do hereby declare and verify that statements in paragraphs 1 to 3 and 8 are true to my knowledge and the statements in 4 to 7 are verified upon informations received and believed to be true.

Signed and verified at Sayedabad on the 27th day of December 1920 at 12-15 P.M.

RESOLUTION.

PENSIONS AND GRATUITIES.

Delhi, the 1st February 1921.

THE Government of India have had under consideration for some time past the question of the rate of exchange at which pensions and annuities fixed in sterling, whether paid from general revenues or from family pension funds, should be converted into rupees when paid in India. Before the war the majority of these pensions were paid at a fixed rate of 1*s*. 4*d*. to the rupee, which was the rate of exchange for the adjustment of financial transactions between the British and the Indian Exchequers. When the rate of exchange first rose during the war to 1*s*. 6*d*., this rate was adopted for the adjustment of financial transactions between the British and the Indian Exchequers; but as regards pensions fixed in sterling, it was decided that for so long as the exchange value of the rupee for internal transactions remained at 1*s*. 4*d*., they should continue to be paid at that rate. They have accordingly been paid at that rate ever since. The Government of India are of opinion that the time has now come when temporary arrangements of this kind should cease and matters should be placed upon a more regular basis. They have accordingly reconsidered the whole question in consultation with

the Secretary of State and are pleased to lay down, with his approval, the rules, a copy of which is appended to this resolution, governing the rate of exchange at which pensions fixed in sterling, including Indian Civil Service annuities, shall in future be converted into rupees.

2. It is requested that the provisions of rule 8 may be brought prominently to the notice of all persons appointed hereafter by local Governments to posts which qualify for pensions expressed in sterling.

3. A copy of the necessary amendments which will be made in the Civil Service Regulations is appended to this resolution.

Ordered that the Resolution be published in the *Gazette of India.*

J. E. C. JUKES,
Joint Secretary to the Government of India.

Officers of the above classes entering Government service in future, will, if they reside in India, have their sterling pensions converted at the current rate of exchange.

7. All pensioners of the Indian Civil Service who are not covered by rules 3, 4 and 5 above, may, at their option, draw their pensions in India either at the rupee rate sanctioned by statute 37, Vict., Cap. 12, as reproduced in article 561 of the Civil Service Regulations, or at the current rate of exchange.

8. All pensioners other than those mentioned in rules 3 to 7 above, will, if they draw their pensions in India, convert them into rupees at the current rate of exchange.

C—FUND PENSIONS.

9. All widows and orphans drawing from pension funds in India pensions which are fixed both in sterling and in rupees will continue to draw them at the rupee rate so fixed.

10. All widows and orphans, already in receipt of pensions from the Indian Civil Service Family Pension Fund, the Indian Military Service Family Pension Fund or the Indian Military Widows' and Orphans' Fund whose pensions are at present being converted at 1*s* 4*d*. to the rupee, will continue to draw them at that rate.

11. The pensions of widows and orphans who receive pensions, fixed in sterling only, from pension funds not mentioned in the foregoing rules, to which fresh subscribers are not now admitted, as well as of pensioners under the Indian Civil Service Family Pension Fund, the Indian Military Service Family Pension Fund or the Indian Military Widows' and Orphans' Fund, who are dependants of persons now in the service will in future be converted at the current rate of exchange subject to the proviso that the conversion rate from sterling to rupees, when the pension is drawn in India, will not be less favourable than 1*s*. 8*d*. to the rupee.

12. In every other case conversion will be effected at the current rate, no privileged rate being allowed.

Delhi, the 8th February 1921.

No. 261R.—The following Royal Proclamation by His Imperial Majesty the King-Emperor, dated the 8th February 1921, is published for general information:—

BY THE KING-EMPEROR.

A ROYAL PROCLAMATION.

George the Fifth, by the Grace of God of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India

To My Viceroy and Governor General, and to the Princes and Rulers of the Indian States: Greeting.

1. In My Royal Proclamation of December 1919 I gave earnest of My affectionate care and regard for the Ruling Princes and Chiefs of the Indian States by signifying My assent to the establishment of a Chamber of Princes. During the year that has since passed My Viceroy and many of the Princes themselves have been engaged in framing for My approval a constitution for the Chamber and the rules and regulations necessary to ensure the smooth and efficient performance of its important functions This work is now complete, and it remains for Me to take the final steps to bring the Chamber into being, in the confident hope that the united counsels of the Princes and Rulers assembled in formal conclave, will be fruitful of lasting good both to themselves and their subjects, and by advancing the interests that are common to their territories and to British India, will benefit My Empire as a whole. It is in this hope that I have charged My revered and beloved Uncle, His Royal Highness the Duke of Connaught and Strathearn, to perform on My behalf the ceremony of the inauguration of the Chamber of Princes.

2. It is My firm belief that a future full of great and beneficent activities lies before the Chamber thus established. To the Princes, long versed in the arte of government and statesmanship, it will open still wider fields of Imperial Service. It will afford them opportunities, of which, I am convinced, they will be prompt to avail themselves, of comparing experience, interchanging ideas, and framing mature and balanced conclusions on matters of common interest. Nor will less advantage accrue to My Viceroy and the officers serving under him, to whom the prudent counsels and considered advice of the Chamber cannot fail to be of the greatest assistance. The problems of the future must be faced in a spirit of co-operation and mutual trust. It is in this spirit that I summon the Princes of India to a larger share in My Councils. I do so in full reliance upon their devotion to My Throne and Person, proved as it has been both in long years of peace and in the terrible ordeal of the Great War, and in the confident anticipation that by this means the bonds of mutual understanding will be strengthened and the growing identity of interest between the Indian States and the rest of My Empire will be fostered and developed.

3. In My former Proclamation I repeated the assurance, given on many occasions by My Royal Predecessors and Myself, of My determination ever to maintain unimpaired the privileges, rights and dignities of the Princes of India. The Princes may rest assured that this pledge remains inviolate and inviolable. I now authorise My Viceroy to publish the terms of the Constitution of the new Chamber. My Viceroy will take its counsel freely in matters relating to the territories of the Indian States generally, and in matters that affect those territories jointly with British India, or with the rest of My Empire

It will have no concern with the internal affairs of individual States or their Rulers or with the relations of individual States to My Government, while the existing rights of the States and their freedom of action will be in no way prejudiced or impaired. It is my earnest hope that the Princes of India will take regular part in the deliberations of the Chamber; but attendance will be a matter of choice, not of constraint. There will be no obligation upon any member to record his opinion, by vote or otherwise, upon any question that may come under discussion; and it is further My desire that, at the discretion of My Viceroy, an opportunity shall be given to any Prince who has not taken a part in the deliberations of the Chamber to record his views on any question that the Chamber has had under its consideration.

4. I pray that the blessing of Divine Providence may rest upon the labours of the Chamber; that its deliberations may be inspired by true wisdom and moderation; and that it may seek and find its best reward in promoting the general weal and in increasing the strength and unity of the mighty Empire over which I have been called upon to rule.

By order,

Delhi, the 12th February 1921.

PRESS COMMUNIQUÉ.

In paragraph 12 of the Home Department Resolution No. 2559 (Establishments), dated the 1st December 1920, it was stated that the number of Indians required to be recruited to the Indian Civil Service in 1921 according to the approved percentages would be obtained by nomination as in 1919: also that a portion of the total number of vacancies for Indians in 1920 had already been filled in 1919. With the approval of the Secretary of State, the Government of India have decided to appoint twelve Indians to the Indian Civil Service by nomination this year in order to fill up all vacancies for Indians up to 1921 The rules under which these appointments will be made are reproduced below:—

V., c. 87), hereby makes with the advice and assistance of the Civil Service Commissioners, the following provisional rules for the appointment during the year 1921 to the Indian Civil Service otherwise than by the annual Open Competition (which will still continue to be held) of natives of India and Burma. (*b*) If the candidate (being a British subject) or his father or his mother was not born within His Majesty's Dominion and allegiance, the father must at the time of the candidate's birth have been a British subject or the subject of a State in India and still be (or have continued to be until his death) a British subject or a subject of such State,

Final Report on the Cotton Crops of Bengal, 1920-21.

(NOTE.—On an average of the five years ending 1918-19, the area under the Cotton Crops in Bengal has represented some 0·3 per cent. of the total area under cotton in India.)

There are two crops—early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts, in the Tripura State, and, to a small extent in other districts. The "late" crop is unimportant and is mainly grown in Bankura and Midnapore.

Character of the season.—The weather was generally unfavourable for the early crop throughout, especially during the months of September and

October, when excessive rainfall considerably affected the outturn. The late crop, on the other hand, fared well up to the first part of October, but subsequent drought has affected what would otherwise have been a good crop.

Area sown.—The total area sown with the early crop is returned at 68,435 acres and that with the late crop 1,707 acres, against 66,693 and 2,159 acres, respectively, in the corresponding forecast of last year.

Outturn.—The estimated outturn of the early crop is returned at 19.978 bales this year against 23,613 bales in the corresponding forecast of last year. The outturn of the late crop is estimated at 892 bales this year against 999 bales in the corresponding forecast of last year.

* Conventional area.

(1) The weather was not favourable. The date of harvesting of the early crop was normal.
(2) The weather was not favourable. Heavy rainfall has considerably damaged the early crop.
(3) The weather has been generally fair.
(4) The weather and general condition of the crop were fair. The date of harvesting was normal.
(5) The condition of the crop was not favourable owing to untimely rainfall which hindered flowering. The decrease in the estimated outturn in this forecast is due to the fact that estimates for two divisions have fallen much below the expectations. The date of harvesting was normal.
(6) The weather has not been favourable except in Tippera where it is reported to be generally good.

READ—

Government of India, Public Works Department, letter No. 441 E.A., dated the 16th July 1920.

With the formation of the Bengal Provincial Engineering Service it has been decided to abolish the existing Upper Subordinate Service and to institute a single Subordinate Engineering Service. Recruitment to the Upper Subordinate Service will therefore cease.

In order to improve the pay and conditions of service of those Upper Subordinates who are not selected for appointment to the Provincial Service of Assistant Engineers and who do not elect for service in the new Subordinate Engineering Service, the Governor in Council is pleased to sanction the introduction of the following time-scale of pay in place of the existing graded scale with effect from the 1st February 1920.

The grades of Overseer, Supervisor and Sub-Engineer will henceforth cease to exist in this service and the personnel will be known as Upper Subordinates.

The initial salary which each Subordinate now in the service will draw under the new scale will be determined by the Local Government. Subordinates whose promotion has been retarded in the past will not be permitted to draw the full scale of pay according to length of service.

Increments will be given for approved service only. An increment which will carry a Subordinate past an efficiency bar will require the sanction of the Local Government; subsequent increments may be drawn on the dates they fall due, provided no order has been passed withholding an increment.

Upper Subordinates placed in charge of Subdivisions will be entitled to a duty allowance of Rs. 75 per mensem in lieu of the allowance of Rs. 30 hitherto granted.

These amendments will come into operation from the date of the publication of this Notification.

The printing rates quoted in Chapters VI and IX, as now amended, have been sanctioned by the Government of India for a period of six months only, and such period will have effect from the date of this notification. These rates will be charged for paper-books in all appeals, other than Second Appeals, which are now pending in the Government of India Press and which will hereafter be sent to, and completed by, that Press within six months with effect from this date.

In modification of the orders contained in the Court's notification dated the 25th August 1920, cited above, it is ordered that paper-books in all Appeals from Original Decrees (other than those preferred by the Secretary of State or by the Court of Wards) lodged before the 16th November 1920, may, if the Appellant so desires, be prepared in the office of the Appellant's Vakil under the provisions contained in Chapter VII of the Fifth Edition of the Appellate Side Rules, 1920, provided that such Appellant within ten days of the publication of the present notification in the *Calcutta Gazette* shall intimate, in writing, to the Registrar his desire that the paper-book in the appeal should be prepared in the office of his Vakil under the provisions of those rules, and shall deposit the estimating charge in the manner hereinafter provided. Such intimation shall be accompanied by the declaration required by Rule XVII (*14*) (*b*) of Chapter VII of the said Appellate Side Rules of 1920. On receipt of such intimation and declaration estimates of the cost of the preparation of the paper-book will be prepared in the office of the Court in supersession of any estimates which may have been issued previously, and will be served on the Appellant and Respondent, respectively, and the Appellant shall within one week of the service of such estimate deposit the estimating charge with the Accountant of the Court. Subject to the above modification, Vakils preparing paper-books in such appeals shall be governed generally by the provisions contained in Chapter VII of the Appellate Side Rules of 1920. Otherwise the provisions of the revised Rules will apply, as far as may be, to all pending appeals filed before the 16th November 1920.

The Rules published under the Court's said notification dated the 25th August 1920, as now modified, incorporate all amendments and additions up to the 26th February 1921 to the Appellate Side Rules contained in the Fifth Edition of those Rules.

Within thirty days of the communication of the joint decision of the two clearing offices to the Appellant.

(b) *Claims under Article 297.*

Within twelve months from the date of the publication of these rules in the place at which such Claimant is residing, or within six months from the date on which the Claimant learnt that damage or injury had been inflicted on his property, rights or interests, or within six months from the date on which the Claimant learnt that restitution under section (*f*) of the said Article had been made or refused, whichever period is the longer.

(c) *Claims under Article 305.*

Within twelve months of the publication of these rules in the place at which such Claimant is residing, or within twelve months of the date on which the decision was given, or within six months of the date on which such decision came to the knowledge of the Claimant, whichever period is the longer.

(d) *In all other Cases.*

Within twelve months from the date of the publication of these rules in the place at which such Claimant is residing, with the exception of those cases provided for in Rule 22 where the limitations of time imposed by these rules are stated not to apply.

After the expiration of the times prescribed by this rule, no claim will be accepted without the special leave of the Tribunal.

2. All claims, answers and other written proceedings must be delivered or sent by post to the Tribunal Secretariat, at 21 St. James's Square, London, S. W. 1.

GENERAL RULES RELATING TO WRITTEN PROCEEDINGS.

MEMORIAL.

3. The claims shall be typewritten or printed and shall state:—

(*a*) The name, nationality, domicile and address of the Claimant.

(*b*) In cases where the Claimant is not claiming in his own right and on his own behalf, in what right he claims and the name, nationality, domicile and address of the person on whose behalf he is claiming.

(*c*) In cases where the claim is made by a company or body corporate, its name, nature and domicile and place of incorporation (if any), and the address of its office or chief offices; and in cases where the claim is made by an association not being a company or body corporate (whether recognised by the law of the country where it is domiciled as a legal entity or not), in addition to the above, the names and nationality of all persons who are partners of such association or interested therein.

(*d*) Whether the claim is brought against a Government or national, and in the latter case giving the name and last known address of such national, or if such national be a company, body corporate or other association, the address of its chief office, if known, or if the address of the chief office be not known, of the office of which the address is known to the Claimant.

(*e*) The nature of the claim, the relief sought and, where the relief sought is pecuniary, the amount claimed.

(*f*) Under which article and paragraph of the Treaty the claim is made.

(*g*) The name and address of the solicitor or other authorised representative (if any) of the Claimant.

(*h*) The person to whom, and address at which, all communications are to be sent on behalf of the Claimant.

4. The claim shall be accompanied by a concise statement of the facts and an exhibit of copies of any documents relied upon in support thereof.

5. The claim accompanied by such statement and exhibit shall be known as and is hereinafter referred to as the memorial.

6. Six true copies of the memorial shall be supplied with the memorial. The memorial shall, unless otherwise agreed by the parties and permitted by the Tribunal, be in English; and if the memorial be not in English, it shall be accompanied by an English translation and at least three of the copies shall be copies of such translation.

7. On receipt of the memorial and six copies thereof, the Secretariat will acknowledge such receipt to the Claimant, and will transmit one copy to the Government Agent of the Claimant and two copies of the memorial to the Government Agent of the Respondent. Such last-mentioned Agent shall acknowledge the receipt thereof to the Secretariat and shall cause one copy of the memorial to be served on the Respondent.

8. Except in cases provided for in Rule 35 (*a*), the receipt of the memorial by such Agent shall be sufficient notice to the Respondent of the claim made against him, and the Respondent shall, within sixty days after the receipt of the memorial by such Agent, present his answer to the Tribunal. If no answer be presented, the case may be proceeded with in the absence of the Respondent as provided in Rule 33.

RESPONSE.

9. Rule 3 (*a*), (*b*), (*c*), (*g*) and (*h*) and Rule 4 shall apply *mutatis mutandis* to the answer; and in addition the Respondent must in his statement of facts accompanying the answer, if he desires to dispute the allegations in the memorial, expressly deny or otherwise answer or explain the same. Any facts not dealt with by the Respondent will be treated as admitted. The answer shall be accompanied by an exhibit of copies of documents relied on.

10. The answer accompanied by such statement and exhibit shall be known as and is hereinafter referred to as the response.

11. Six true copies of the response shall be supplied with the response to the Tribunal and the provisions of Rule 6 shall apply to the response.

12. On receipt of the response and the six copies thereof, the Secretariat will acknowledge such receipt to the Respondent and will transmit one of such copies of the response to the Claimant (who shall acknowledge the receipt thereof to the Secretariat), and one to the Government Agent of the Claimant and one to the Government Agent of the Respondent.

13. Should the Respondent desire to make a claim against the Claimant, he must do so by a separate claim, and not by a counter-claim, but the Tribunal may, if it thinks fit, hear both claims at the same hearing.

14.—(*a*) If the Respondent objects to the jurisdiction of the Tribunal to entertain the claim or any part thereof, he shall specifically take such objection in his answer, and the Tribunal may, if it thinks fit, consider and decide the point before further dealing with the case.

(*b*) If the Tribunal should be of opinion that under the provisions of the Treaty its jurisdiction may be excluded, or if a Respondent objects to the jurisdisdiction of the Tribunal to entertain the claim or any part thereof, the Tribunal may, if it thinks fit, require the party raising this objection to satisfy the Tribunal that its jurisdiction is excluded, or may require evidence on the point to be forthcoming from an expert of the law of the country concerned, or may make such other order as may seem just, and may, if it thinks fit, adjourn the case until such evidence has been obtained or until the order has been carried out.

(*c*) It shall be the duty of the respective Government Agents to inform the Tribunal if they have grounds for believing that the jurisdiction of the Tribunal is excluded.

REPLY AND REJOINDER.

15. If the Claimant desires merely to deny the facts alleged in the response it is not necessary for him to present a reply, but, if the Claimant desires to answer the facts alleged in the response otherwise than by way of denial, a reply must be sent to the Tribunal within thirty days from the receipt of the response by the Claimant, who shall with the reply supply six copies thereof to the Tribunal. The Secretariat will acknowledge receipt thereof to the Claimant and will transmit one copy of the reply to the Respondent, who shall acknowledge the receipt thereof to the Secretariat, and one copy to each of the Government Agents. Except in such cases, no reply shall be allowed.

If the Respondent desires merely to deny the facts alleged in the reply it is not necessary for him to present a rejoinder, but if the Respondent wishes to answer the facts alleged in the reply otherwise than by way of denial, a rejoinder must be presented to the Tribunal within thirty days from the receipt of the reply by the Respondent, who shall with the rejoinder supply six copies to the Tribunal. The Secretariat will acknowledge the receipt thereof to the Respondent and will transmit one copy of the rejoinder to the Claimant and one copy to each of the Government Agents.

Except in such cases no rejoinder shall be allowed and no further written proceedings after the rejoinder shall be allowed, other than the written argument provided for by Rule 28, except by special leave of the Tribunal.

The provisions of Rule 6 shall apply to the reply and to the rejoinder.

JOINT CLAIMS AND JOINDER OF PARTIES.

16. Where two or more persons are jointly interested in the same claim, they shall present a joint claim, and where the relief sought is sought against two or more persons jointly, the claim shall be made against them jointly.

17.—(*a*) If the Respondent contends that any person not joined as Claimant ought to be so joined in accordance with the preceding rule, he may within twenty days of receipt of the memorial send in, in duplicate, a notice to the Secretariat naming such person and requiring the Claimant to join such person as Claimant and stating the reason why he requires such joinder. The Secretariat will forward such notice to the Claimant, who shall within thirty days from the receipt thereof state whether he consents to and will effect such joinder, in which case all proceedings shall be stayed until it is effected, or whether he refuses or is unable to effect such joinder, stating his reasons for such refusal or inability.

(*b*) If the Claimant consents to and is willing to effect such joinder, the written consent of the person to be joined shall be sent to the Tribunal within twenty-one days, and the Secretariat shall thereupon amend the memorial by adding the names of such person as Claimant, and notice of such joinder will be sent to the Respondent and the Government Agent of the Claimant and Respondent, and all further proceedings shall be continued as if such joinder had been made from the commencement.

(*c*) If the Claimant fails to answer the notice as provided by rule 17(*a*) or refuses or states that he is unable to effect such joinder or if the written consent is not sent as provided by Rule 17(*b*), notice thereof shall be given by the Secretariat to the Respondent, who may within ten days apply to the

Tribunal to stay all proceedings until such joinder be effected. The Secretariat shall give notice of such application to the Claimant, and such application shall be heard by the Tribunal on a date to be fixed by the Tribunal not less than fourteen days after notice of such application has been sent to the Claimant.

18. If the Tribunal is satisfied that any person refuses to join as Claimant, although he ought to join, the Tribunal may allow the case to proceed without such joinder, but in that case the Tribunal may refuse to entertain any claim in the future by such person with respect to the subject-matter of the claim in the presenting of which he ought to have joined.

19. If any person proceeds against some only of the persons jointly liable to him on the same claim and the Tribunal decides the case whether in favour of or against the Claimant, the Tribunal may refuse to entertain any claim in the future by such person against the other person or persons so jointly liable.

20.—(*a*) If a Respondent contends that some other person who is not joined as Respondent is jointly liable with him to answer the claim, he may within twenty days after the receipt of the memorial send a notice to the Secretariat that he requires such person to be joined as Respondent, giving his name and address, and stating the reasons why he requires him to be joined; and with such notice shall send a sufficient number of copies to enable the Secretariat to send one to the Claimant and to each of the persons whom the Respondent requires to be joined. The Secretariat will thereupon send such notice to the Claimant and to each of the persons named by the Respondent, and the claimant and each of the said persons shall reply within ten days whether they consent to such joinder or not. In the event of the Claimant and each of such persons consenting to the joinder, the Secretariat will amend the memorial by adding them as parties, and the Claimant shall cause copies of the memorial to be served on each of such persons, and all future proceedings shall be continued as if such joinder had been made from the commencement.

(*b*) If either the Claimant or any of such persons do not consent to the joinder within ten days, the Secretariat shall notify the Respondent accordingly, and the Respondent may within ten days apply to the Tribunal to stay all proceedings until such joinder be effected. The Secretariat shall give notice of such application to the Claimant and such other person or persons, and such application shall be heard by the Tribunal on a date to be fixed by the Tribunal not less than fourteen days after notice of such application has been sent to the Claimant and such person or persons as aforesaid.

21.—(*a*) If any person not being a party claims to have a legitimate interest in prosecuting or resisting the claim, he may apply to the Tribunal to be joined as Claimant or Respondent as the case may be, or to be allowed to intervene in the case in such manner as the Tribunal may direct.

(*b*) If a Respondent contends that he is entitled to some right over against some other person in reference to the claim brought against him he may give such person notice of his claim against him and at the same time serve him with a copy of the memorial. Such person may thereupon apply to the Tribunal to be joined as Respondent or to be allowed to intervene in the case in such manner as the Tribunal may direct. If such person does not intervene and the Tribunal should be of opinion at the hearing that there are grounds for coming to the conclusion that the Respondent may succeed in his claim against such person, the Tribunal may, if it decides in favour of the Claimant, stay execution in order to enable the Respondent to prosecute his claim against such person, upon such terms as to security and otherwise as the Tribunal may think just.

SPECIAL RULES FOR PARTICULAR CASES.

22. In addition to the above general rules, the following rules shall be observed in the undermentioned cases:—

(*1*) *Cases under article 305.*

The person alleging that he is prejudiced by the decision shall be the Claimant and the other party to the cause or proceeding in which the decision was given or, if there be no such party, the Government shall be

Respondent. The claim shall be accompanied by a copy of the decision and shall state in what respect the decision is impugned, with which Section or Sections of the Treaty it is alleged to be inconsistent and in what respect and what relief is claimed. The Claimant may also accompany his claim by copies of any essential written proceedings of the case in which the decision was given, authenticated in the manner prescribed by the law of the country to which the Court belongs. The Tribunal may of its own motion require the record of the Court to be transmitted to the Tribunal and it shall then be open to the inspection of the parties and their agents.

(2) *Appeals under Article 296, Annex, paragraph 20.*

The Appellant shall be Claimant, and the party in whose favour the decision was given and the two clearing offices shall be Respondents. The claim shall state the grounds of the appeal and shall be accompanied by a copy of the decision appealed against and of all documents in the possession of the Claimant relevant to the case, and by a reasoned argument by the Claimant in support of his appeal. Together with the claim and documents, three copies thereof shall be supplied to the Tribunal, and the Claimant shall serve copies thereof on the opposite party and the Agents of the two clearing offices.

The Agent of the clearing office of which the Respondent is a national shall within thirty days of receipt of the claim supply to the Tribunal four copies of all documents relating to the case which are in his possession or power, unless the Claimant has already supplied them with his claim, and a statement of any facts found by the clearing offices. In addition, the Respondent or the clearing offices may supply a reasoned argument in writing in support of the decision of the two clearing offices.

Any of the parties (including the Agents of the clearing offices) may apply to the Tribunal to hear arguments before it, but in the absence of such application the Tribunal shall be at liberty to determine the case on the written proceedings without further argument, or to notify to the parties if it desires to hear an argument.

The Secretariat on receipt of the claim shall inform the Claimant what is the amount of deposit to be paid or security to be given, and such deposit shall be paid or security given within ten days, and in default the claim may be dismissed.

(3) *Cases under Article 296, Annex, paragraph 16.*

Where cases are referred to the Tribunal under the above provision, the procedure laid down elsewhere in these rules shall not apply The parties shall present a case jointly to the Tribunal, or each may present a case separately. In either event the contentions of the parties shall be set out in the case or cases, which shall be accompanied by all relevant documents. Six true copies of the case or cases and documents shall be prepared and lodged with the Secretariat. The matter will be determined by the Tribunal as laid down by Article 296, Annex, paragraph 18. The limitations of time imposed by these rules shall not apply to such cases; but where the two clearing offices are unable to agree whether a debt claimed is due, or in case of a difference between an enemy debtor and an enemy creditor or between the clearing offices, and the parties to the dispute do not desire to present a case jointly, either clearing office may, within ten days after giving notice to the other clearing office of such intention, refer the case to the Tribunal under the conditions provided for by Article 296, Annex, paragraph 16. The enemy creditor or the enemy debtor may similarly, after giving twenty days' notice to the two clearing offices, refer the case to the Tribunal, unless the case shall have been referred to the Tribunal meanwhile by the clearing offices or either of them. The case shall proceed as if it had been referred to the Tribunal by the clearing offices.

CLOSE OF WRITTEN PROCEEDINGS.

23. The Secretariat will inform the respective Government Agents and parties when the written proceedings are closed.

24.—(*a*) Within twenty days after the date of the notice that the written proceedings are closed, the parties shall send to the Secretariat a statement of the witnesses, if any, whose testimony they desire, giving in

each instance the name, nationality, occupation and address of such witness, and stating whether the party desires that the testimony of such witness shall be given at the hearing of the case or whether it is desired that the evidence shall be taken upon commission, and shall at the same time furnish all parties and the Government Agents with a copy. The Tribunal will thereupon determine whether the evidence shall be taken on commission or will make such other order as seems fit. The Tribunal will before making an order hear any party or Government Agent who may desire to be heard on the matter on his forthwith applying to be heard, and will fix a date for all parties to be heard if they desire.

(*b*) Where the Tribunal orders that the witness shall be heard at the hearing, the Government Agents shall be responsible for summoning the witness in accordance with the method applicable in each case unless the Tribunal otherwise directs. Travelling expenses and subsistence money must be supplied to the witness at the expense of the party at whose instance he is summoned. The amount of the same will be fixed by the Tribunal, and must be paid in advance to the Secretariat. If the subsistence money so paid should prove insufficient, the party at whose instance the witness was summoned must pay any further amount necessary, otherwise the witness will be allowed by the Tribunal to depart.

(*c*) Where the Tribunal directs that evidence shall be taken on commission the evidence shall be returnable to the Tribunal and copies shall be supplied by the Secretariat to any party or either Government Agent or any other person interested, and in the opinion of the Tribunal entitled to the same, on application and payment.

(*d*) Where it is desired that books, documents or other objects in the possession or power of any person should be produced for the use of the Tribunal, application may at any time after the close of the written proceedings be made to the Tribunal to obtain their production. The Tribunal will thereupon, if it thinks fit, endeavour to obtain possession of such books, documents or other objects by direct request addressed to such person, and, if such request is not complied with, will take such other steps as may be requisite and desirable to ensure production. Books, documents or other objects so coming into the custody of the Tribunal shall, if the Tribunal thinks fit, be open to inspection by such persons and at such times as the tribunal shall direct.

25. Should a party or either of the Government Agents desire to inspect any books or documents in the possession, power or control of any party or of either Government Agent he shall make application to that party or Agent to produce such books or documents for inspection; and if such production is refused, application therefor may be made to the Tribunal upon ten days' notice being given to that party or Agent, and the Tribunal may make such order thereon as it thinks fit.

26. The Tribunal may of its own motion at any stage of the proceedings require evidence on any point.

27. The Tribunal may of its own motion at any stage of the proceedings require any party or either Government Agent to produce any book or document before it, or to allow any person designated by the Tribunal to examine and take extracts from any book or document in the possession of such party or Agent.

28. If in cases other than those under Article 296 any party or either of the Government Agents desires to submit a reasoned argument in writing, he may do so at any time after the written proceedings are closed, and not less than ten days before the date fixed for the hearing of the case, but such argument in writing shall be based only on facts alleged in the memorial, response, reply or rejoinder.

The submission of such written argument shall not preclude the parties or Agents submitting it from also adducing oral argument. The Tribunal reserves the right, if it shall think fit, to require in addition oral argument in cases where only written argument has been submitted.

29. The President will on the conclusion of all preliminary matters fix the date and place of hearing, and the Secretariat will inform the respective Government Agents and parties of his decision.

30. The hearing shall be in public, and the parties shall either by themselves or by counsel or other recognised advocate present their cases. In cases connected with patents the parties may by leave of the Tribunal be represented by patent agents and *Patentanwälte*. Unless otherwise ordered, the Claimant shall begin and have the right to reply.

31.—(*a*) The parties shall have the right themselves to give evidence, and shall, if required by the Tribunal, do so. Each party may call such witnesses as he pleases before the Tribunal and may question them by himself or his counsel or admitted representative. Each party shall have the right to question any witness called by the other party (including the opposite party himself) whether before the Tribunal itself or elsewhere, by himself or by counsel or other admitted representative.

If the party who does not call the witness questions him, the party who has called him may thereupon put further questions to the witness on matters arising out of the questions put to the witness by the other party. Unless the Tribunal shall otherwise order, no further questions shall be put to the witness by or on behalf of the parties. The Tribunal, however, will at any stage put any questions that it may think fit:

Provided always that a party to a case shall not be summoned or compelled to give evidence unless the Tribunal shall have given leave for such witness to be summoned or to give evidence or unless the Tribunal shall have required of its own motion that such party shall attend and give evidence.

(*b*) No oath shall be required from or administered to any witness before the Tribunal or on any Commission ordered by the Tribunal, unless the Tribunal otherwise directs.

32. The Tribunal may at any stage of the proceedings obtain a report from any person on any particular point, such person to be agreed upon by the parties or in default of agreement to be appointed by the Tribunal. The Tribunal may view any premises, locality or object if it deem such a view necessary.

33. If any party fail to appear, the case may be proceeded with in his absence, but the Agent of the Government of such party may intervene and himself take up the case, and the Tribunal may on the application of such Agent or on its own motion adjourn the case.

34. It shall be permissible for either Government to conduct the case of its national through its Agent, and such Agent may appear either in person or by counsel or other recognised advocate. Either Agent may also appear independently of the parties by himself or by counsel or other recognised advocate, and may intervene in the proceedings in such manner and at such time as the Tribunal may direct.

35.—(*a*) If the Government Agent of the Respondent after making all reasonable efforts shall be unable to cause the memorial to be served upon the Respondent as provided by Rule 7 at the expiration of twenty-one days from the receipt of the memorial by such Agent, he shall forthwith report such failure to the Secretariat, giving the reasons for such failure and stating the steps he has taken to effect service, and the Secretariat shall inform the Claimant that the Respondent has not been served.

(*b*) On the application of the Claimant, the Tribunal may thereupon, if it thinks fit, allow the claim to be proceeded with or may make such other order in the matter as it thinks fit. The Government Agent of the Respondent shall be entitled to intervence on such application being made, and the Claimant shall give ten days' notice to such Agent of such application.

36. If at any stage of the proceedings a party requires to prove any specific fact it shall be open to the party to give a notice to the other party to admit or dispute such fact. If the party to whom notice is so given disputes the fact, and such fact is subsequently established, the Tribunal may in its discretion order the party who had disputed such fact to pay the costs of proof and any other costs occasioned thereby, whatever may be the result of the case, provided always that any such admission shall only be binding upon the parties.

37. Where a claim is made against either Government, and such claim is admitted by the Government in question, it shall be competent to the parties to agree upon a form of decision setting out with sufficient detail the claim which is admitted and the payment and restitution or other remedy or relief agreed upon, and to submit the same to the Tribunal, who,

if it thinks fit, and if the Government Agent of the national claiming has not objected, will register the same as a decision, and the same shall, when registered, be deemed for all purposes to be a decision of the Tribunal: Provided that the Tribunal will not register any such decision unless the Government prove that he has submitted a true copy of the same to his Government Agent at least ten days previously. The same procedure with any necessary modification may be adopted where the claim is made against a national of either Government, provided that in such a case the Agent of neither Government has objected, and it is proved to the satisfaction of the Tribunal that the respective Government Agents have had true copies of the form of decision submitted to them at least ten days previously.

38. If in any case the parties agree upon the facts and desire the determination of the Tribunal on those facts, they shall submit an agreed statement of facts to the Tribunal and it shall be competent to the Tribunal, with or without argument, according to the desire of the parties, to determine the questions at issue, provided that the Tribunal may in any case require arguments to be presented to them:

Provided also that in all cases the assent of the Government Agents, in writing, to the correctness of the facts as stated shall be obtained, except where the claim is against a Government.

DECISION.

39. The decision of the Tribunal will in all cases be drawn up in writing and registered, and copies thereof will be sent by the Secretrriat to the parties and Government Agents. The decision will also deal with costs and expenses.

40. The Tribunal reserves to itself the power to correct an error in any decision or other order arising from a slip or accidental omission, or to explain any ambiguity or other doubtful expression appearing in the decision. It shall be open to the parties or to the Government Agents to give notice of application to the Tribunal for any such correction or for any such explanation within thirty days of the publication of the decision. No such application will be heard after the expiration of that period.

41. The Tribunal reserves the right to stay execution on its decisions in any case where it appears proper to do so.

42.—(*a*) The Tribunal may require to be satisfied that all notices and communications prescribed by these Rules have been duly received. The production of a receipt from the postal authority of the posting of a registered postal packet shall be conclusive evidence of the receipt of a notice or communication by the person to whom it is addressed until the contrary is proved. In cases in which delivery by registered post is not practicable, heavy books and documents may be sent by ordinary post and unregistered or by public carrier, and, on proof of such posting or delivery to such carrier, the books or documents shall be deemed to have been received by the person to whom they were addressed, unless and until the contrary is proved.

(*b*) All communications to the parties shall be delivered at or sent to the address and to the person named by them as provided by rule 3 (*h*).

(*c*) If service or delivery as above provided should prove impracticable, the Tribunal will, upon application, give such directions as it may think fit, or may dispense with services.

43. In cases where any person is not residing in Europe, the additional time taken for any postal communications to reach or to arrive from the country in which such person is residing shall not be taken as included in the time prescribed by these rules; and further time may be granted on the application of any party where, owing to difficulties of communication or other good cause, such extension appears desirable.

Party shall include any person who has intervened in or has been allowed to take part in the case.

44. The proper expenses of witnesses will be allowed, and may be advanced by the Tribunal if called in pursuance of its order.

45. The Tribunal will permit amendments of written proceedings, extensions of time, and grant other dispensations from these rules in all such

cases as may be necessary in the interests of justice and equity, and the Tribunal reserves power from time to time to alter, abrogate, or add to these rules as experience may require.

46. These rules are supplemental to the rules of procedure relating to the Mixed Arbitral Tribunal laid down in Sections III to VII of Part X of the Treaty, and must be read in conjunction with such rules of procedure.

September 4, 1920.

ANNOUNCEMENT BY THE BOARD OF TRADE.

The Mixed Arbitral Tribunal to be established between the United Kingdom on the one hand and Germany on the other hand under Article 304 of the Treaty of Versailles has been constituted and is about to begin work in London. The President of the Tribunal is Professor Eugéne Borel, a Swiss jurist and Professor of Public and International Law in the University of Geneva. The British and German members are respectively Mr. R. E. L. Vaughan Williams, K.C., of Lincoln's Inn, and Dr. jur. Adolph Nicolaus Zacharias, Senatspräsident of the Hanseatic Oberlandesgericht.

A great part of the work of the Tribunal is to decide as to debts under Article 296 of the Treaty where a difference has arisen between an enemy debtor and an enemy creditor or between the British and German clearing offices. Under Article 297 the Tribunal can determine compensation to be borne by Germany in respect of damage or injury inflicted on the property, rights or interest of British Nationals in German territory as they existed on August 1, 1914, by the exceptional war measure or measures of transfer mentioned in the Annex to that Article. The other matters within the jurisdiction of the Tribunal are set out in Articles 299, 300, 302, 304, 305 and 310 of the Treaty.

The Procedure before the Tribunal is to some extent regulated by Sections III to VII of Part X of the Treaty, but the Tribunal has settled further and more detailed rules dealing with the manner in which claims must be submitted. Printed copies of these Rules of Procedure, which have been issued in the Series of Statutory Rules and Orders (No. 2062), may be purchased, price threepence, through any bookseller, or may be obtained on application to the Secretariat of the Tribunal. They should be read in conjunction with the provisions of the Treaty of Peace Order, 1919 (Statutory Rules and Orders, 1919, No. 1517, published by H. M. Stationery Office. Price 2*d.*).

The British Government has provided a Court for the meetings of the Tribunal and an office for the Secretariat at 21, St. James Square, London, S. W. 1. Mr. Harold Russel, Barrister-at-Law, has been appointed by the Foreign Office to act as British Secretary and the German Government is also appointing a Secretary, the two to act together as joint Secretaries of the Tribunal.

The High Contracting Parties under the Treaty have agreed that their courts and authorities shall render the Mixed Arbitral Tribunal, direct, all the assistance in their power as regards transmitting notices and collecting evidence. The decisions of the Tribunal are final and conclusive. The place and time of sitting will be determined by the President of the Tribunal, and may be in London, Germany or elsewhere as the convenience of the parties or witnesses may require. The sittings will be public.

ORDERED that a copy of the Resolution be published in the *Gazette of India* and that copies of the Rules be placed on sale at the Government Press, 8, Hastings Street, Calcutta.

DEPARTMENT OF AGRICULTURE, BENGAL.

SECOND FORECAST OF THE SPRING OILSEED CROPS OF BENGAL, 1920-21.

(Note.—On an average of the five years ending 1918-19, the area under linseed in Bengal has represented 5·5 per cent., and that under rape and mustard 19·4 per cent. of the total areas under these crops in British India.)

Area sown.—Oilseeds are grown chiefly in the Rajshahi, Dacca and the Presidency Divisions. In the other two divisions the cultivation is small.

The total area under these crops (excepting sesamum, for which separate forecasts are issued) is returned as 1,037,500 acres this year against 1,294,200 and 1,266,200 acres (now revised) respectively, in the corresponding and final forecasts of last year. The decrease is mainly due to unfavourable weather at sowing time and to revision of estimates in the district of Mymensingh.

Character of the season.—The season at sowing time was generally unfavourable owing to excessive moisture in the soil. The crops in their early stages recovered from the effects of wet weather for a while but prolonged drought which extended up to the middle of January adversely affected the growth and caused damage in many parts of the western and northern districts. The rainfall since then, though it came somewhat late, has benefited to some extent late-sown crops. On the whole, the season may be regarded as fair.

Outturn.—According to the estimates of the District Officers the provincial outturn of the different oilseed crops works out at 76 per cent. of the normal against 77 and 76 per cent. in the corresponding and final forecasts of last year.

G. EVANS,

Director of Agriculture, Bengal.

DACCA,

DEPARTMENT OF AGRICULTURE, BENGAL.

Second Forecast of the Wheat Crop of Bengal, 1920-21.

[Note.—On an average of the five years ending 1918-19, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to the total wheat acreage in (a) British India and (b) in the territory now reported on, has, in the five years ending 1918-19, averaged (a) 41·8 and 17·0 per cent., respectively.]

Character of the season.—Owing to excessive soil-moisture, the progress of sowing was generally slow at the beginning, but the subsequent dry spell facilitated operations. Drought which continued up to the middle of January had an injurious effect on the crop. The rainfall since then, has considerably improved the prospects; and the present condition is reported to be favourable.

Area sown.—According to the estimates of the District Officers, the total area under wheat amounts to 116,200 acres against 116,300 and 116,100 acres reported in last year's corresponding and final forecasts respectively.

Outturn.—From the District Officers' estimates, the provincial outturn works out to 81 per cent. of the normal this year against 78 per cent. in the corresponding and final forecasts of last year.

G. EVANS,
Director of Agriculture, Bengal.

DACCA,

RESOLUTION REGARDING THE APPOINTMENT OF A COMMITTEE TO INQUIRE INTO THE GENERAL CONDITION OF THE CALCUTTA MADRASAH AND TO MAKE PROPOSALS FOR ITS FUTURE IMPROVEMENT.

GOVERNMENT OF BENGAL.

EDUCATION DEPARTMENT.

Education.

CALCUTTA, THE 28TH FEBRUARY 1921.

RESOLUTION—No. 509Edn.

THE original reason for the establishment of the Calcutta Madrasah passed away a few years after its foundation. Since then the subject of its reform has been under the consideration of several committees. In spite of their attempts to make the institution useful to the community for whose benefit it was established continued dissatisfaction has been expressed by the leading Moslems of the Presidency.

2. The last of the committees was appointed by Government resolution No. 981, dated the 25th February 1915. The committee met in July 1915 and made certain suggestions as to the revisions necessary in the courses of studies. The recommendations were however so general that no definite action could be taken on them. The Principal of the Madrasah was asked to consider them and draw up a revised curriculum. This has now been submitted for the approval of Government.

3. The Government of Bengal have noticed with regret the failure of previous efforts to make the institution fulfil the purpose for which it has been maintained, and they have decided to appoint a committee to enquire into the general condition of the Madrasah and to make proposals for its future improvement.

4. It is the desire of the Government of Bengal that the constitution of the committee should be such as to ensure a thorough enquiry into the particular problems connected with the preservation of Islamic learning in Bengal and that its members should be able to make recommendations in the light of the history of the institution and the present requirements of the Muhammadan community in Bengal. The majority of the members are therefore old students of the institution, who are now occupying positions of importance, and gentlemen who have served or are now serving on its staff. With these are associated others whose desire for the progress of the community ensures their interest in the future of the institution, which holds a place in the affection of the Moslems of this Presidency which no new institution, however efficient, can hope to attain.

5. The committee is particularly to enquire into and report to Government on the points noted below and to suggest such reforms as may promote the welfare of the students who in the future will receive their training in this institution :—

(a) The general management and discipline of the Madrasah.
(b) The course of studies prescribed for the Arabic Department.
(c) The number, qualifications and duties of members of the staff of the Arabic Department.
(d) The qualifications to be required from candidates for admission to the Arabic Department; age of admission.
(e) Arrangements for examinations and award of scholarships.

The members of the Committee will be :—

Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. RESOLUTION ON THE ANNUAL PROGRESS REPORT ON THE FOREST ADMINISTRATION IN THE PRESIDENCY OF BENGAL FOR THE YEAR ENDING THE 30th JUNE 1920.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Forests Branch.

CALCUTTTA, THE 5TH MARCH 1921.

RESOLUTION No. 1801For.

READ—

The Annual Progress Report on the Forest Administration in the Presidency of Bengal for the year ending the 30th June 1920.

READ ALSO—

The corresponding report of the previous year and the Government Resolution thereon.

THE forests of Bengal, with which Sir Henry Farrington, Conservator of Forests, has dealt in his interesting report for the year ending June 1920, are

all on the fringe of the province, the Darjeeling, Kalimpong, Kurseong, Jalpaiguri and Buxa Divisions being in the extreme north, the Chittagong Hill Tracts and Chittagong Divisions on the eastern border, and the Sundarbans Division on the south. The area of these forests is 10,704 square miles. With the forests in the rest of the province the Report is not concerned. Chapter VI of the Indian Forest Act, 1878, has not yet been applied to any forest not owned by the State.

Administration.—Sir Henry Farrington was in charge of the Bengal Forest Circle throughout the year. He was on tour for 301 days and inspected all divisions and offices except Cox's Bazar, where a new administrative division was formed on the 1st April 1920.

The work in the divisions was adversely affected by the loss of several officers and other changes in staff. Two Deputy Conservators resigned and a third retired. Five temporary posts were created, but the three officers appointed did not stay long enough to do useful work. The Governor in Council trusts that the recent re-organisation of the pay and prospects of the Imperial and Provincial Forest services will secure for the province a more adequate and less changing staff.

2. **Changes in area and administration.**—The area of the reserved forests was increased by the addition of 3 square miles, but there was no change in the area of Protected and Unclassed State Forests. Proposals for the reservation of 226 square miles are still under the consideration of Government.

Progress in forest settlement was hampered by the want of funds, and the expenditure on the demarcation of boundaries was also reduced.

3. **Regulation of Management.**—The revised working plan for the Jalpaiguri Division was brought into force. Working plans for the Chittagong, Chittagong Hill Tracts and Cox's Bazar Divisions were under compilation during the year and those for areas under the Darjeeling and Kurseong Divisions were revised. There were considerable deviations from the sanctioned working plans in most divisions, the felling being below the prescribed quantities. The reasons for this were lack of demand, paucity of staff, revision of working plans and arrears of previous years.

4. **Communications and Buildings.**—Owing to financial stringency due to the war, very little could be spent on new work. Two and a half miles of cart-roads and 9 miles of bridle-paths and several bridges were constructed, whilst 305 miles of cart-roads and 528 miles of bridle-paths were repaired. The total expenditure on communication amounted to Rs. 21,038, against Rs. 18,757 in the preceding year, the corresponding figures for buildings being Rs. 49,254 and Rs. 33,550. Several buildings in the Sundarbans destroyed by the cyclone of 1919 were replaced during the year. Good progress was made in housing forest subordinates in most divisions.

5. **Protection of Forests.**—The number of forest offences reported during the year was 3,269 as against 3,694 in the preceding year. The decrease is satisfactory, and is ascribed not only to more frequent resort to the Courts in 1918-19 but also to keener vigilance on the part of the subordinate staff and to the infliction of adequate punishment by Courts in proved cases. The fact that the percentage of convictions was 94 shows that unnecessary prosecutions were not undertaken. The number of prosecutions for shooting in contravention of rules increased from 37 to 41, but it has not yet been possible to cope with the destruction of elephants for the sake of their tusks in the Chittagong and Chittagong Hill Tracts districts. It is reported that the inhabitants of the Tippera State take advantage of the fact that minor forest offences are non-extraditable.

The year was favourable to fire protection, and 99·4 per cent. of the area of 400,272 acres in which protection is attempted was successfully protected. The Conservator has mentioned the satisfactory success in protecting the Kurseong forests. The fires that occurred in the Teesta Valley sal forests did little or no damage and will probably assist sal regeneration.

Offences relating to grazing decreased, the number of cattle impounded being 5,057 against 7,021 in the preceding year. The decrease is most remarkable in Jalpaiguri and Buxa, where the villagers are reported to have realised the value of looking after their cattle instead of paying the penalty.

Observation of sâl *fungus* has been continued in Jalpaiguri and Buxa, but definite conclusions cannot yet be drawn. Defoliators, borers and mole crickets are mentioned as causes of damage in various areas, and damage by wild animals was reported from all divisions, the chief culprits being elephants, squirrels, bison, deer, pigs, monkeys and rhinoceros. Wire fencing has been used with success to prevent such damage in Buxa, Jalpaiguri and Kurseong Divisions.

Every attempt is being made to eradicate *Lantana* which is spreading fast into the Kalimpong forests from the adjoining Duars Tea Gardens. In Chittagong and Cox's Bazar the most injurious pest is the weed *Ageratum*, but no means of keeping it down has yet been found.

The climatic conditions of the year were not altogether favourable. Though no damage from drought was reported, the damage caused by frost and hail in the Darjeeling Division was considerable.

The cyclone of 1919 swept over the Sundarbans Divisions and did much damage to a part of the forests and a heavy unexpected flood in March carried away bamboos, bamboo rafts and sun grass in the Kornafuli river in the Chittagong Hill Tracts Division.

6. **Silviculture.**—The experience of the year under report confirms the view that natural reproduction of the more valuable species of trees in northern Bengal is unsatisfactory, and all working schemes now provide for artificial regeneration in plantations worked under the "Taungya" system introduced from Burma. The Conservator notes that the labour question in the "Taungya" areas has sensibly improved and that the cultivation of areas in the forest by outside villagers is a hopeful sign which is seen everywhere in the hill divisions and in some places in the Duars.

7. **Exploitation.**—With the cessation of demands from the Munitions Board, departmental operations were restricted to the extraction of timber required for the supply of sleepers to railways and for roads, buildings, and bridges constructed departmentally. A sale depôt is being established at Siliguri. A semi-portable saw mill was received at the close of the year and is about to be installed in the Kurseong Division.

The Murti Saw Mill in Jalpaiguri worked at a profit but as the owners were unwilling to continue, the mill has been closed down The India Paper Pulp Company, of which Messrs. Andrew Yule & Co. are the Managing Agents, removed 388,640 bamboos for paper pulp from the Kassalong Range in the Chittagong Hill Tracts under their lease. No royalty was charged in accordance with the terms of the agreement.

Sixty-eight elephants were caught by departmental kheddah operations. The most successful were the operations in the Chittagong Hill Tracts, resulting in the capture of 51 elephants and a net profit amounting to Rs. 21,069 from the sale of 48 elephants.

The total value of the year's sale amounted to Rs. 16,11,644, against Rs. 14,69,226 during the preceding year. The value of the timber sold in these two years was Rs. 10.83,982 and Rs. 9,02.964. The value of the forest produce removed at privileged rates was Rs. 93,774, against Rs. 81,720 in the year 1918-19. Produce given free of royalty was worth Rs. 63,430, against Rs. 33,141 in the preceding year. Timber and other minor products were given free in large quantities in the Sundarbans to people affected by the cyclone of 1919.

The Bengal forests contributed to the successful exhibits sent to the British Empire Timber Exhibition in London.

8. **Financial results.**—The financial results were satisfactory. The total revenue, which was Rs. 19,55,394 in the preceding year, rose to Rs. 20.02,819. Expenditure, however, also increased and the surplus fell from Rs. 11,21,700 to Rs. 9,47,595. Of the expenditure, 55 per cent. was on constitution,

improvement and exploitation, and 45 per cent. on administration, executive and protective charge. The percentage of net income fell from 57 to 47 owing to the increased expenditure.

9. **Research and Experiments.**—The Conservator's report gives interesting information about the experiments made in various divisions. The results were in some cases negative. Seeds of the California red wood failed to germinate, and experiments made to produce alcohol from Sundri seed and starch from Sundri fruits also failed. On the other hand interesting results were obtained by Mr. J. A. Pilgrim, Tannin Expert to the Government of India, from his investigations of various tan stuffs at the Buxa Timber and Trading Company's concession at Rajabhatkhawa. At the same place there was a very satisfactory outturn of experimental work in connection with nurseries.

10. The thanks of the Governor in Council are due to Sir Henry Farrington for his careful and successful administration of the Department during a year in which administration was rendered difficult owing to shortage of officers. His Excellency in Council has read with pleasure the Conservator's appreciation of the work done by officers of the Department.

Order.—Ordered that this Resolution be published in the gazette and that a copy, with a copy of the report, be submitted to the Government of India.

By order of the Governor in Council,

W. S. HOPKYNS,

Secretary to the Government of Bengal (offg.).

RESOLUTION ON THE SURVEY AND SETTLEMENT REPORTS FOR THE YEAR ENDING THE 30th SEPTEMBER 1920.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Land Revenue Branch.

CALCUTTA, THE 14TH MARCH 1921.

RESOLUTION—No. 2051L.R.

READ—

The Survey and Settlement Reports for the year ending the 30th September 1920.

DURING the year under review the number of survey parties, which had been reduced to three during the war, was restored to four. Traverse

survey was continued in the districts of Bankura, Jessore and Nadia and was begun in Pabna. The programme included a total area of 3,148 square miles, and of this all but 67 square miles was completed.

The Survey Department also carried out various miscellaneous surveys. The survey of the town of Howrah, begun in 1913-14, was finished.

2. The Director of Land Records has submitted an interesting report of the survey and settlement work under his control. The report deals with the closing stages of the operations in the districts of Midnapore, Mymensingh, Rajshahi, Tippera and Noakhali, where little remained to be done. It is interesting to note that records of rights have now been prepared in more than half of the area in this Presidency to which the Bengal Tenancy Act applies.

3. The work was in full swing in the districts of Bankura, Jessore and Nadia, and since the close of the year a fourth party has begun work in the districts of Pabna and Bogra. The Governor in Council does not consider it necessary to review in detail the work done in each district. An area of 2,477 square miles was cadastrally surveyed, records for 2,346 square miles were attested, and records for 2,008 square miles were finally published. Those figures compare favourably with the previous year's work, and it is satisfactory to note that, although a large part of the areas in which the operations were being conducted is unhealthy and sickness was common, yet, generally speaking, the work was kept well up to the programme.

4. In the district of Nadia the prevalence of the *utbandi* tenancy not only makes attestation difficult, but also complicates statistics and delays the final scrutiny of the record. The rules which were framed when this form of tenancy came under discussion in connection with the Rajshahi settlement have been followed. Landlords seem to have shown little inclination to adopt the suggestion that *utbandi* lands should, when possible, be converted into ordinary raiyati holding, by compromise, but it is satisfactory that the tension and dissatisfaction have not been so great as at one time seemed likely. In about a quarter of the whole area representing *utbandi* tenancies the raiyats were recorded as having occupancy rights.

5. Survey and settlement records are reported to be freely used in all branches of the administration. The sale of well over a million khatians and 17,000 maps shows that the records are appreciated by the public.

6. Major F. C. Hirst was in charge of the Bengal Survey Department up to the 2nd December 1919, when he was placed on deputation. He resumed charge of his duties on the 18th March 1920 and proceeded on leave from the 15th May 1920. Mr. C. A. O'Donel held charge of the department during his absence. Mr. F. A. Sachse, I.C.S., was in charge of the Department of Land Records, Bengal, up to the 20th February 1920, when he went on leave. Mr. W. H. Nelson, I.C.S., officiated as Director of Land Records up to the 20th August 1920, when Mr. Sachse returned from leave and held charge of the department for the rest of the year. The Governor in Council has much pleasure in acknowledging the services rendered by those officers and by Messrs F. W. Robertson, J. M. Pringle and Khan Bahadur Muhammad Abdul Momen. Their names and those of the other officers mentioned in the last two paragraphs of the survey and settlement reports will be noted.

ORDER—Ordered that this Resolution be published in the *Calcutta Gazette* and that a copy of it, together with copies of the two reports, be submitted to the Government of India.

By order of the Governor in Council,

W. S. HOPKYNS,

Secretary to the Government of Bengal (offg.).

2. A description of the scheme is given as follows:—

Description of the Scheme.

This Improvement Scheme deals with an area of 41·73 acres. Within the area of the scheme will be laid out the southern length of the Central Avenue 100 feet wide extending from Prinsep Street to Dhurumtolla: the southern end of Bentinck Street will also be widened to 84 feet.

All the land included in the scheme will be relaid out in building sites of considerable size, as it is intended that the area should be occupied by business premises, rather than buildings of a residential character.

Provision is made for the acquisition of all land within the blue verge on the plan as being required for or affected by the execution of the scheme.

The existing streets within the area will be closed or altered as shown in the plan and an open space will be formed around the Mosque at the junction of Bentinck Street and Dhurumtolla, and a small playground will be laid out abutting on Prinsep Street.

The roadway in the Central Avenue will be 56 feet wide, and two inches of asphaltum will be laid on 9 inches of lime concrete.

The roadway in Bentinck Street will be 54 feet wide constructed in the same manner.

Side streets will be laid with water bound stone macadam.

The existing sewers, filtered and unfiltered water pipes, also gas mains and telephone cables will be taken up and relaid along the altered streets.

In the Central Avenue two 9" service mains for filtered and unfiltered water-supply will be laid under each footpath.

The tramway lines in Bentinck Street will be relaid in the centre of the widened roadway.

The Board attach great importance to securing unity in the architectural treatment of buildings to be erected on the main roads within the area of the scheme, and will prescribe conditions in this behalf to be complied with by builders.

The following approximate figures relate to the scheme:—

	Cottahs	Acres
Total area of the scheme	2,530	41·73
Total area within the limits of acquisition	2,001	33 07

(b) no person shall without the consent of the Administrator, acting under the general directions of the Governor General in Council, transfer, part with or otherwise deal in any property, rights or interests subject to the charge; any person who contravenes this provision shall, on conviction before a Magistrate, be punishable with imprisonment which may extend to three months, or with fine, or with both;

(c) every person owing or having the control or management of any property, rights or interests in India subject to the charge (including where the property, rights or interests consist of shares, stocks or other securities issued by a company, municipal authority or other body, or any right or interest therein such company, authority or body) shall, unless particulars thereof have already been furnished to the Custodian in accordance with the Indian Enemy Trading Acts, 1915-1916, within two months from the date of the making of the Order by notice in writing communicate the fact to the Administrator and shall furnish the Administrator with such particulars in relation thereto as the Administrator may require, and if any person fails to do so or furnishes any false information he shall on conviction before a Magistrate be liable to fine;

(d) where the property charged consists of inscribed or registered stock, shares or other securities, any company, municipal authority or other body by whom the securities were issued or are managed shall, on application being made by the Administrator, notwithstanding any regulation or stipulation of the company or other body and notwithstanding that the Administrator is not in possession of the certificate, scrip, or other document of title relating to the shares, stock or securities to which the application relates, enter the Administrator in the books in which the securities are inscribed or registered as the proprietor of the securities subject to the charge, and the Administrator shall, subject to the consent of the Governor General in Council, have power to sell or otherwise deal with the securities as proprietor of which he is so registered or inscribed;

(e) where the property charged consists of property transferable on delivery, any person having the possession, control or management of the property shall, on being so required by the Administrator, deliver the property to him, and the Administrator shall, subject to the consent of the Governor General in Council, have power to sell or otherwise deal with the property so delivered to him;

(f) the Governor General in Council may by order vest in the Administrator any property, rights or interests subject to the charge, or the right to transfer the same, and for that purpose sub-sections (1) to (4) of section 7 of the Indian Enemy Trading Act, 1916, shall in relation to nationals of the former Austrian Empire continue in force and apply as if property, rights and interests subject to the charge were property belonging to an enemy or enemy subject, and as if for references to the Custodian therein there were substituted references to the Administrator;

(*g*) a Chief Presidency Magistrate or a District Magistrate, may on application of the Administrator, require any person known or suspected to have in his possession or under his control any property, right or interest subject to the charge, (including any person known or suspected to owe a debt to a national of the former Austrian Empire) or any person whom he may consider capable of giving information with respect to the same to attend as a witness to give evidence or produce documents before him or before such Magistrate subordinate to him as he may appoint in this behalf. The Chief Presidency Magistrate or District Magistrate or other Magistrate so appointed shall, for the purpose of this sub-section, have all the powers of a criminal court under the Code of Criminal Procedure (Act V of 1898); and

(*h*) if any person called upon to pay any money or to transfer or otherwise to deal with any property, right or interest has reason to suspect that the same is subject to such charge as aforesaid he shall before paying, transferring or dealing with the same report the matter to the Administrator and shall comply with any directions that the Administrator may give with respect thereto.

(*xi*) There shall be paid to the Administrator such surplus proceeds of property, rights and interests charged under section 1 (*xvi*) of the India Treaty of Peace Order, 1920, as may be allocated in accordance with section 1 (*xvi*) (*b*) of that Order to the payment of amounts due in respect of claims by British nationals in India with regard to their property, rights and interests in the territories of the former Austrian Empire.

(*xii*) The Administrator shall apply the sums received by him in satisfaction of the claims, debts and compensation mentioned in sub-section (*ix*) of this Article.

(*xiii*) The Governor General in Council may, by notification in the *Gazette of India*, make rules for all matters incidental to, or consequential on, the provisions of this Order and may by such rules prescribe forms for carrying into effect its provisions and prescribe the time (not being less than six months after the coming into force of the Treaty) within which proofs of claims in order to rank must be made and the manner of making and proving the same.

(*xiv*) The Local Clearing Office, out of the money collected by it and the Administrator, out of the property, rights, interests, or proceeds thereof vested in or collected or received by him under this Order, shall retain such sums as, subject to the consent of the Governor General in Council, the Local Clearing Office or Administrator may consider necessary to cover risks, expenses and commissions.

(*xv*) Proceedings by and on behalf of the Local Clearing Office and proceedings by the Administrator may be taken by and in the name of the Administrator, who may by the name of the Administrator (India) of Austrian property sue and be sued, and costs may be awarded to or against the Administrator.

(*xvi*) Every document purporting to be an order or other instrument issued by the Local Clearing Office and to be signed by the Administrator or other person authorised by the Administrator, and every document purporting to be an order or other instrument issued by the Administrator and to be signed by him or other person authorised by him shall be received in evidence and shall be deemed to be such order or instrument without further proof unless the contrary is shown; and in any proceeding by the Local Clearing Office, or by the Administrator to recover a debt or fine, a report purporting to be signed by the Administrator or other person authorised by him shall be evidence of the facts therein stated.

(*xvii*) A certificate signed by the Administrator that an order or other instrument purporting to be made or issued by the Local Clearing Office or by the Administrator is so made or issued shall be conclusive evidence of the facts so certified.

(*xviii*) The Administrator shall be deemed to be a public officer and any document forming part of the acts or records of the acts of the Local Clearing Office or the Administrator, shall be deemed to be public documents for the purpose of Chapter V of the Indian Evidence Act, 1872.

(*xix*) All decisions of the Mixed Arbitral Tribunal constituted under section VI of Part X of the Treaty, if within the jurisdiction of that Tribunal, shall be final and conclusive and binding on all courts.

(*xx*) For the purpose of enforcing the attendance of witnesses before the Mixed Arbitral Tribunal, whether sitting in India or not, and compelling the production before the Tribunal or documents, a Secretary of the Government of India shall have power to issue orders which shall have the like effect as if the proceedings before the Tribunal were a suit in a court and the order were a formal process issued by that court in the due exercise of its jurisdiction, and disobedience to any such order shall be punishable under the Indian Penal Code (Act XLV of 1860).

(*xxi*) The time at which the period of prescription or limitation of right of action referred to in article 252 of the Treaty shall begin again to run shall be at the expiration of six months after the coming into force of the Treaty, and the period to be allowed within which presentation of negotiable instruments for acceptance or payment and notice of non-acceptance or non-payment or protest may be made under article 253 shall be twelve months from the coming into force of the Treaty.

(*xxii*) Rules made during the war by any recognised exchange or commercial association providing for the closure of contracts entered into before the war by an enemy and any action taken thereunder are hereby confirmed subject to the provisos contained in paragraph 4 (a) of the Annex to section V of Part X of the Treaty.

(*xxiii*) There shall be imposed on rights of industrial, literary or artistic property (with the exception of trade marks) acquired before or during the war, or which may be acquired hereafter, by or on behalf of Austrian nationals, such limitations, conditions or restrictions as the Governor General in Council may prescribe for the purpose, in the manner, in the circumstances, and subject to the limitations, mentioned in article 258 of the Treaty, and any transfer in whole or in part or other dealing with any rights so acquired as aforesaid effected since the twenty-eighth day of July, nineteen hundred and fourteen, shall if and so far as it is inconsistent with any limitation, conditions or restrictions so imposed, be void and of no effect.

(*xxiv*) So far as may be necessary for the purpose of article 259 of the Treaty, the Indian Patents and Designs (Temporary rules) Act, 1915 (except section 2 of that Act), shall in relation to Austrian nationals continue in force, and shall be deemed as from the date when the Treaty came into force to have continued in force, as if references therein to subjects of a State at war with His Majesty included references to Austrian nationals.

(*xxv*) The duly qualified tribunal for the purposes of article 262 of the Treaty shall be the Controller of Patents and Designs, appointed under the Indian Patents and Designs Act, 1911.

(*xxvi*) The notices to be given by creditors resident in India under paragraph 5 of the Annex to section III of Part X of the Treaty shall be given together with the particulars required by that paragraph to the Administrator.

2. For the purposes of the foregoing provisions of this Order—

the expression "enemy debt" has the meaning assigned to it by paragraph 2 of the Annex to section III of Part X of the Treaty and includes any sum which under the Treaty is to be treated or dealt with in like manner as an enemy debt;

the expression "nationals of the former Austrian Empire" does not include persons who, within six months of the coming into force of the Treaty, show to the satisfaction of the Administrator that they have acquired *ipso facto* in accordance with its provisions nationality of an Allied or Associated power, including those who under Article 72 or 76 of the Treaty obtained such nationality with the consent of the competent authorities, or who under Articles 74 or 77 thereof acquired such nationality by virtue of previous rights of citizenship; and

the Interpretation Act, 1889, applies for the interpretation of this Order in like manner as it applies for the interpretation of an Act of Parliament, and as if this Order were an Act of Parliament.

4. This Order may be cited as the India Treaty of Peace (Austria) Order, 1921.

SCHEDULE.

SECTIONS III TO VII OF PART X OF THE TREATY.

Section III—Debts.

ARTICLE 248.

There shall be settled, through the intervention of Clearing Offices to be established by each of the High Contracting Parties within three months of the notification referred to in paragraph (*e*) hereafter, the following classes of pecuniary obligations:—

(1) Debts payable before the war and due by a national of one of the Contracting Powers residing within its territory, to a national of an Opposing Power, residing within its territory;

(2) Debts which became payable during the war to nationals of one Contracting Power residing within its territory and arose out of transactions or contracts with the nationals of an Opposing Power, resident within its territory, of which the total or partial execution was suspended on account of the existence of a state of war;

(3) Interest which was accrued due before and during the war to a national of one of the Contracting Powers in respect of securities issued or taken over by an Opposing Power provided that the payment of interest on such securities to the nationals of that Power or to neutrals has not been suspended during the war;

(4) Capital sums which have become payable before and during the war to nationals of one of the Contracting Powers in respect of securities issued by one of the Opposing powers, provided that the payment of such capital sums to nationals of that Power or to neutrals has not been suspended during the war.

In the case of interest or capital sums payable in respect of securities issued or taken over by the former Austro-Hungarian Government, the amount to be credited and paid by Austria will be the interest or capital in respect only of the debt for which Austria is liable in accordance with part IX (Financial Clauses) of the present Treaty, and the principles laid down by the Reparation Commission.

The proceeds of liquidation of enemy property, rights, and interests mentioned in section IV and in the Annex thereto will be accounted for through the Clearing Offices, in the currency and at the rate of exchange hereinafter provided for in paragraph (*d*), and disposed of by them under the conditions provided by the said Section and Annex.

The settlements provided for in this article shall be effected according to the following principles and in accordance with the Annex to this Section :—

(*a*) Each of the High Contracting Parties shall prohibit, as from the coming into force of the present Treaty, both the payment and the acceptance of payment of such debts, and also all communications between the interested parties with regard to the settlement of the said debts otherwise than through the Clearing Offices;

(*b*) Each of the High Contracting Parties shall be respectively responsible for the payment of such debts due by its nationals, except in the cases where before the war the debtor was in a state of bankruptcy or failure, or had given formal indication of insolvency, or where the debt was due by a company whose business has been liquidated under emergency legislation during the war;

(*c*) The sums due to the nationals of one of the High Contracting Parties by the nationals of an Opposing State will be debited to the Clearing Office of the country of the debtor, and paid to the creditor by the Clearing Office of the country of the creditor;

(*d*) Debts shall be paid or credited in the currency of such one of the Allied and Associated Powers, their colonies or protectorates, or the British Dominions or India, as may be concerned. If the debts are payable in some other currency, they shall be paid or credited in the currency of the country concerned, whether an Allied or Associated Power, Colony, Protectorate, British Dominion, or India, at the pre-war rate of exchange.

For the purpose of this provision, the pre-war rate of exchange shall be defined as the average cable transfer rate prevailing in the Allied or Associated country concerned during the month immediately preceding the outbreak of war between the said country concerned and Austria-Hungary.

If a contract provides for a fixed rate of exchange governing the conversion of the currency in which the debt is stated into the currency of the Allied or Associated country concerned, then the above provisions concerning the rate of exchange shall not apply.

In the case of the new States of Poland and the Czecho-Slovak State the currency in which and the rate of exchange at which debts shall be paid or credited shall be determined by the Reparation Commission provided for in Part VIII, unless they shall have been previously settled by agreement between the States interested;

(*e*) The provisions of this Article and of the Annex hereto shall not apply as between Austria, on the one hand, and any one of the Allied and Associated Powers, their colonies or protectorates, or any one of the British Dominions or India, on the other hand, unless within a period of one month the deposit of the ratification of the present Treaty by the Power in question or of the ratification on behalf of such Dominion or of India, notice to that effect is given to Austria by the Government of such Allied or Associated Power or of such Dominion or of India as the case may be :

(*f*) The Allied and Associated Powers which have adopted this Article and the Annex hereto may agree between themselves to apply them to their respective nationals established in their territory so far as regards matters between their nationals and Austrian nationals. In this case the payments made by application of this provision will be subject to arrangements between the Allied and Associated Clearing Offices concerned.

ANNEX.

1.

Each of the High Contracting Parties will, within three months from the notification provided for in Article 248, paragraph (*e*), establish a Clearing Office for the collection and payment of enemy debts.

Local Clearing Offices may be established for any particular portion of the territories of the High Contracting Parties. Such local Clearing Offices may perform all the functions of a central Clearing Office in their respective

districts, except that all transactions with the Clearing Office in the Opposing State must be effected through the central Clearing Office.

2.

In this Annex the pecuniary obligations referred to in the first paragraph of Article 248 are described as "enemy debts," the persons from whom the same are due as "enemy debtors," the persons to whom they are due as "enemy creditors," the Clearing Office in the country of the creditor is called the "Creditor Clearing Office" and the Clearing Office in the country of the debtor is called the "Debtor Clearing Office."

3.

The High Contracting Parties will subject contraventions of paragraph (*a*) of Article 248 to the same penalties as are at present provided by their legislation for trading with the enemy. They will similarly prohibit within their territory all legal process relating to payment of enemy debts, except in accordance with the provisions of this Annex.

4.

The Government guarantee specified in paragraph (*b*) of Article 248 shall take effect whenever, for any reason, a debt shall not be recoverable, except in a case where at the date of the outbreak of war the debt was barred by the laws of prescription in force in the country of the debtor, or where the debtor was at that time in a state of bankruptcy or failure or had given formal indication of insolvency, or where the debt was due by a company whose business has been liquidated under emergency legislation during the war. In such case, the procedure specified by this Annex shall ap[illegible] payment of the dividends.

[illegible] terms "bankruptcy" and "failure" refer to the application of legislation [illegible]oviding for such juridical conditions. The expression "formal indicatio[illegible] of insolvency" bears the same meaning as it has in English law.

5.

Creditors shall give notice to the Creditor Clearing Office within six months of its establishment of debts due to them, and shall furnish the Clearing Office with any documents and information required of them.

The High Contracting Parties will take all suitable measures to trace and punish collusion between enemy creditors and debtors. The Clearing Offices will communicate to one another any evidence and information which might help the discovery and punishment of such collusion.

The High Contracting Parties all facilitate as much as possible postal and telegraphic communication at the expense of the parties concerned and through the intervention of the Clearing Offices between debtors and creditors desirous of coming to an agreement as to the amount of their debt.

The Creditor Clearing Office will notify the Debtor Clearing Office of all debts declared to it. The Debtor Clearing Office will, in due course, inform the Creditor Clearing Office which debts are admitted and which debts are contested. In the latter case, the Debtor Clearing Office will give the grounds for the non-admission of debt.

6.

When a debt has been admitted, in whole or in part, the Debtor Clearing Office will at once credit the Creditor Clearing Office with the amount admitted, and at the same time notify it of such credit.

7.

The debt shall be deemed to be admitted in full and shall be credited forthwith to the Creditor Clearing Office unless within three months from the receipt of the notification, or such longer time as may be agreed to by the Creditor Clearing Office, notice has been given by the Debtor Clearing Office that it is not admitted.

8.

When the whole or part of a debt is not admitted the two Clearing Offices will examine into the matter jointly and will endeavour to bring the parties to an agreement.

9.

The Creditor Clearing Office will pay to the individual creditor the sums credited to it out of the funds placed at its disposal by the Government of its country and in accordance with the conditions fixed by the said Government, retaining any sums considered necessary to cover risks, expenses or commissions.

10.

Any person having claimed payment of an enemy debt which is not admitted in whole or in part shall pay to the Clearing Office, by way of fine, interest at 5 per cent. on the part not admitted. Any person having unduly refused to admit the whole or part of a debt claimed from him shall pay, by way of fine, interest at 5 per cent. on the amount with regard to which his refusal shall be disallowed.

Such interest shall run from the date of expiration of the period provided for in paragraph 7 until the date on which the claim shall have been disallowed or the debt paid.

Each Clearing Office shall, in so far as it is concerned, take steps to collect the fines above provided for, and will be responsible if such fines cannot be collected.

The fines will be credited to the other Clearing Office, which shall retain them as a contribution towards the cost of carrying out the present provisions.

11.

The balance between the Clearing Offices shall be struck monthly and the credit balance paid in cash by the debtor State within a week.

Nevertheless, any credit balances which may be due by one or more of the Allied and Associated Powers shall be retained until complete payment shall have been effected of the sums due to the Allied or Associated Powers or their nationals on account of the war.

12.

To facilitate discussion between the Clearing Offices each of them shall have a representative at the place where the other is established.

13.

Except for special reasons all discussions in regard to claims will, so far as possible, take place at the Debtor Clearing Office.

14.

In conformity with Article 248, paragraph (b), the High Contracting Parties are responsible for the payment of the enemy debts owing by their nationals.

The Debtor Clearing Office will therefore credit the Creditor Clearing Office with all debts admitted, even in case of inability to collect them from the individual debtor. The Governments concerned will, nevertheless, invest their respective Clearing Offices with all necessary powers for the recovery of debts which have been admitted.

15.

Each Government will defray the expenses of the Clearing Office set up in its territory, including the salaries of the staff.

16.

Where the two Clearing Offices are unable to agree whether a debt claimed is due, or in case of a difference between an enemy debtor and an enemy creditor or between the Clearing Offices, the dispute shall either be

referred to arbitration, if the parties so agree under conditions fixed by agreement between them, or referred to the Mixed Arbitral Tribunal provided for in section VI, hereafter.

At the request of the Creditor Clearing Office the dispute may, however, be submitted to the jurisdiction of the Courts of the place of domicile of the debtor.

17.

Recovery of sums found by the Mixed Arbitral Tribunal, the Court, or the Arbitration Tribunal to be due shall be effected through the Clearing Offices as if these sums were debts admitted by the Debtor Clearing Office.

18.

Each of the Governments concerned shall appoint an agent who will be responsible for the presentation to the Mixed Arbitral Tribunal of the cases conducted on behalf of its Clearing Office. This agent will exercise a general control over the representatives or counsel employed by its nationals.

Decisions will be arrived at on documentary evidence, but it will be open to the Tribunal to hear the parties in person, or according to their preference by their representatives approved by the two Governments, or by the agent referred to above, who shall be competent to intervene along with the party or to reopen and maintain a claim abandoned by the same.

19.

The Clearing Offices concerned will lay before the Mixed Arbitral Tribunal all the information and documents in their possession, so as to enable the Tribunal to decide rapidly on the cases which are brought before it.

20.

Where one of the parties concerned appeals against the joint decision of the two Clearing Offices he shall make a deposit against the costs, which deposit shall only be refunded when the first judgment is modified in favour of the appellant and in proportion to the success he may attain, his opponent in case of such a refund being required to pay an equivalent proportion of the costs and expenses. Security accepted by the Tribunal may be substituted for a deposit.

A fee of 5 per cent. of the amount in dispute shall be charged in respect of all cases brought before the Tribunal. This fee shall, unless the Tribunal directs otherwise, be borne by the unsuccessful party. Such fee shall be added to the deposit referred to. It is also independent of the security.

The Tribunal may award to one of the parties a sum in respect of the expenses of the proceedings.

Any sum payable under this paragraph shall be credited to the Clearing Office of the successful party as a separate item.

21.

With a view to the rapid settlement of claims, due regard shall be paid in the appointment of all persons connected with the Clearing Offices or with the Mixed Arbitral Tribunal to their knowledge of the language of the other country concerned.

Each of the Clearing Offices will be at liberty to correspond with the other and to forward documents in its own language.

22.

Subject to any special agreement to the contrary between the Governments concerned debts shall carry interest in accordance with the following provisions:

Interest shall not be payable on sums of money due by way of dividend, interest or other periodical payments which themselves represent interest on capital.

The rate of interest shall be 5 per cent. per annum, except in cases where, by contract, law or custom, the creditor is entitled to payment of interest at a different rate. In such cases the rate to which he is entitled shall prevail.

Interest shall run from the date of commencement of hostilities (or, if the sum of money to be recovered fell due during the war, from the date at which it fell due) until the sum is credited to the Clearing Office of the creditor.

Sums due by way of interest shall be treated as debts admitted by the Clearing Offices and shall be credited to the Creditor Clearing Office, in the same way as such debts.

23.

Where by decision of the Clearing Offices or the Mixed Arbitral Tribunal a claim is held not to fall within Article 248, the creditor shall be at liberty to prosecute the claim before the Courts or to take such other proceedings as may be open to him.

The presentation of a claim to the Clearing Office suspends the operation of any period of prescription.

24.

The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

25.

In any case where a Creditor Clearing Office declines to notify a claim to the Debtor Clearing Office, or to take any step provided for in this Annex intended to make effective in whole or in part a request of which it has received due notice, the enemy creditor shall be entitled to receive from the Clearing Office a certificate setting out the amount of the claim, and shall then be entitled to prosecute the claim before the courts or to take such other proceedings as may be open to him.

SECTION IV.—PROPERTY, RIGHTS AND INTERESTS.

ARTICLE 249.

The question of private property, rights and interests in an enemy country shall be settled according to the principles laid down in this Section and to the provisions of the Annex hereto.

(a) The exceptional war measures and measures of transfer (defined in paragraph 3 of the Annex hereto) taken in the territory of the former Austrian Empire with respect to the property, rights and interests of nationals of Allied or Associated Powers, including companies and associations in which they are interested when liquidation has not been completed, shall be immediately discontinued, or stayed and the property, rights, and interests concerned restored to their owners.

(b) Subject to any contrary stipulations which may be provided for in the present Treaty, the Allied and Associated Powers reserve the right to retain and liquidate all property, rights and interests which belong at the date of the coming into force of the present Treaty to nationals of the former Austrian Empire, or companies controlled by them, and are within the territories, colonies, possessions and protectorates of such Powers (including territories ceded to them by the present Treaty) or are under the control of those Powers.

The liquidation shall be carried out in accordance with the laws of the Allied or Associated State concerned, and the owner shall not be able to dispose of such property, rights or interests nor to subject them to any charge without the consent of that State.

Persons who within six months of the coming into force of the present Treaty show that they have acquired *ipso facto* in accordance with its provisions the nationality of an Allied or Associated Power, including those who under Article 72 or 76 obtain such nationality with the consent of the competent authorities, or who under Article 74 or 77 acquire such nationality in virtue of previous rights of citizenship (*pertinenza*) will not be considered as nationals of the former Austrian Empire within the meaning of this paragraph.

(c) The price or the amount of compensation in respect of the exercise of the right referred to in paragraph (b) will be fixed in accordance with the methods of sale or valuation adopted by the laws of the country in which the property has been retained or liquidated.

(d) As between the Allied and Associated Powers and their nationals on the one hand and nationals of the former Austrian Empire on the other hand, as also between Austria on the one hand and the Allied and Associated Powers and their nationals on the other hand, all the exceptional war measures, or measures of transfer, or acts done or to be done in execution of such measures as defined in paragraphs 1 and 3 of the Annex hereto shall be considered as final and binding upon all persons except as regards the reservations laid down in the present Treaty.

(e) The nationals of Allied and Associated Powers shall be entitled to compensation in respect of damage or injury inflicted upon their property, rights or interests, including any company or association in which they are interested, in the territory of the former Austrian Empire, by the application either of the exceptional war measures or measures of transfer mentioned in paragraphs 1 and 3 of the Annex hereto. The claims made in this respect by such nationals shall be investigated, and the total of the compensation shall be determined by the Mixed Arbitral Tribunal provided for in Section VI or by an arbitrator appointed by that Tribunal. This compensation shall be borne by Austria, and may be charged upon the property of nationals in the former Austrian Empire, or companies controlled by them, as defined in paragraph (b), within the teritorry or under the control of the claimant's State. This property may be constituted as a pledge for enemy liabilities under the conditions fixed by paragraph 4 of the Annex hereto. The payment of this compensation may be made by the Allied or Associated State, and the amount will be debited to Austria.

(f) Whenever a national of an Allied or Associated Power is entitled to property which has been subjected to a measure of transfer in the territory of the former Austrian Empire and expresses a desire for its restitution, his claim for compensation in accordance with paragraph (e) shall be satisfied by the restitution of the said property if it still exists in specie.

In such case Austria shall take all necessary steps to restore the evicted owner to the possession of his property, free from all encumbrances or burdens with which it may have been charged after the liquidation, and to indemnify all third parties injured by the restitution.

If the restitution provided for in this paragraph cannot be effected, private agreements arranged by the intermediation of the Powers concerned or the Clearing Offices provided for in the Annex to Section III may be made, in order to secure that the national of the Allied or Associated Power may secure compensation for the injury referred to in paragraph (e) by the grant of advantages or equivalents which he agrees to accept in place of the property, rights or interests of which he was deprived.

Through restitution in accordance with this Article, the price or the amount of compensation fixed by the application of paragraph (e) will be reduced by the actual value of the property restored, account being taken of compensation in respect of loss of use or deterioration.

(g) The rights conferred by paragraph (f) are reserved to owners who are nationals of Allied or Associated Powers within whose territory legislative measures prescribing the general liquidation of enemy property, rights or interests were not applied before the signature of the Armistice.

(h) Except in cases where, by application of paragraph (f), restitutions in specie have been made, the net proceeds of sales of enemy property, rights or interests wherever situated carried out either by virtue of war legislation, or by application of this Article, and in general all cash assets of enemies, other than proceeds of sales of property or cash assets in Allied or Associated countries belonging to persons covered by the last sentence of paragraph (b) above, shall be dealt with as follows:—

(1) As regards Powers adopting Section III and the Annex thereto, the said proceeds and cash assets shall be credited to the Power of which the owner is a national, through the Clearing Office established thereunder, any credit balance in favour of Austria resulting therefrom shall be dealt with as provided in article 189, Part VIII (Reparation) of the present Treaty.

(2) As regards Powers not adopting Section III and the Annex thereto, the proceeds of the property, rights and interests, and the cash assets, of the nationals of Allied or Associated Powers held by Austria shall be paid

immediately to the person entitled thereto or to his Government; the proceeds of the property, rights and interests, and the cash assets of nationals of the former Austrian Empire, or companies controlled by them, as defined in paragraph (*b*), received by an Allied or Associated Power shall be subject to disposal by such Power in accordance with its laws and regulations and may be applied in payment of the claims and debts defined by this Article or paragraph 4 of the Annex hereto. Any such property, rights and interests or proceeds thereof or cash assets not used as above provided may be retained by the said Allied or Associated Power, and, if retained, the cash value thereof shall be dealt with as provided in Article 189, Part VIII (Reparation) of the present Treaty.

(*i*) Subject to the provisions of Article 267, in the case of liquidations effected in new States, which are signatories of the present Treaty as Allied and Associated Powers, or in States which are not entitled to share in the reparation payments to be made by Austria, the proceeds of liquidations effected by such States shall, subject to the rights of the Reparation Commission under the present Treaty, particularly under Articles 181, Part VIII (Reparation), and 211, Part IX (Financial Clauses), be paid direct to the owner. If, on the application of that owner, the Mixed Arbitral Tribunal provided for by Section VI of this Part, or an arbitrator appointed by that Tribunal, is satisfied that the conditions of the sale or measures taken by the Government of the State in question outside its general legislation were unfairly prejudicial to the price obtained, they shall have discretion to award to the owner equitable compensation to be paid by that State.

(*j*) Austria undertakes to compensate her nationals in respect of the sale or retention of their property, rights, or interests in Allied or Associated States.

(*k*) The amount of all taxes or imposts on capital levied or to be levied by Austria on the property, rights and interests of the nationals of the Allied or Associated Powers from November 3, 1918, until three months from the coming into force of the present Treaty, or, in the case of property, rights or interests which have been subjected to exceptional measures of war, until restitution in accordance with the present Treaty, shall be restored to the owners.

ARTICLE 250.

Austria undertakes, with regard to the property, rights, and interests, including companies and associations in which they were interested, restored to nationals of Allied and Associated Powers in accordance with the provisions of article 249, paragraph (*a*) or (*f*):

(*a*) To restore and maintain, except as expressly provided in the present Treaty, the property, rights, and interests of the nationals of Allied or Associated Powers in the legal position obtaining in respect of the property, rights, and interests of nationals of the former Austrian Empire under the laws in force before the war;

(*b*) Not to subject the property, rights or interests of the nationals of the Allied or Associated Powers to any measures in derogation of property rights which are not applied equally to the property, rights and interests of Austrian nationals, and to pay adequate compensation in the event of the application of these measures.

ANNEX.

1.

In accordance with the provisions of article 249, paragraph (*d*), the validity of vesting orders and of orders for winding up of business or companies, and of any other orders, directions, decisions or instructions of any court or any department of the Government of any of the High Contracting Parties made or given, or purporting to be made or given, in pursuance of war legislation with regard to enemy property, rights and interests is confirmed. The interests of all persons shall be regarded as having been effectively dealt with by any order, direction, decision or instruction dealing with property in which they may be interested, whether or not such interests are specially mentioned in the order, direction, decision or instruction. No question shall be raised as to the regularity of a transfer of any property, rights or interests dealt with in pursuance of any such order,

direction, decision or instruction. Every action taken with regard to any property, business or company, whether as regards its investigation, sequestration, compulsory administration, use, requisition, supervision or winding up, the sale or management of property, rights or interests, the collection or discharge of debts, the payment of costs, charges or expenses, or any other matter whatsoever, in pursuance of orders, directions, decision or instructions of any court or of any department of the Government of any of the High Contracting Parties, made or given, or purporting to be made or given, in pursuance of war legislation with regard to enemy property, rights or interests, is confirmed. Provided that the provisions of this paragraph shall not be held to prejudice the titles to property heretofore acquired in good faith and for value and in accordance with the laws of the country in which the property is situated by nationals of the Allied and Associated Powers.

The provisions of this paragraph do not apply to such of the abovementioned measures as have been taken by the former Austro-Hungarian Government in invaded or occupied territory, nor to such of the abovementioned measures as have been taken by Austria or the Austrian authorities since November 3, 1918, all of which measures shall be void.

2.

No claim or action shall be made or brought against any Allied or Associated Power or against any person acting on behalf of or under the direction of any legal authority or department of the Government of such a Power by Austria or by any Austrian national or by or on behalf of any national of the former Austrian Empire wherever resident in respect of any act or omission with regard to his property, rights or interests during the war or in preparation for the war. Similarly no claim or action shall be made or brought against any person in respect of any act or omission under or in accordance with the exceptional war measures, law or regulations of any Allied or Associated Power.

3.

In article 249, and this annex the expression "exceptional war measures" includes measures of all kinds, legislative, administrative, judicial or others, that have been taken or will be taken hereafter with regard to enemy property, and which have had or will have the effect of removing from the proprietors the power of disposition over their property, though without affecting the ownership, such as measures of supervision, of compulsory administration, and of sequestration; or measures which have had or will have as an object the seizure of, the use of, or the interference with enemy assets, for whatsoever motive, under whatsoever form or in whatsoever place Acts in the execution of these measures include all detentions, instructions, orders or decrees of Government departments or courts applying these measures to enemy property, as well as acts performed by any person connected with the administration or the supervision of enemy property, such as the payment of debts, the collecting of credits, the payment of any costs, charges or expenses, or the collecting of fees.

Measures of transfer are those which have affected or will affect the ownership of enemy property by transferring it in whole or in part to a person other than the enemy owner, and without his consent, such as measures directing the sale, liquidation or devolution of ownership in enemy property, or the cancelling of titles or securities.

4.

All property, rights and interests of nationals of the former Austrian Empire within the territory of any Allied or Associated Power and the net proceeds of their sale, liquidation or other dealing therewith may be charged by that Allied or Associated Power in the first place with payment of amounts due in respect of claims by the nationals of that Allied or Associated Power with regard to their property, rights and interests, including companies and associations in which they are interested, in territory of the former Austrian Empire or debts owing to them by Austrian nationals, and with payment of claims growing out of acts committed by the former Austro-Hungarian Government or by any Austrian authorities since July 28, 1914,

and before that Allied or Associated power entered into the war. The amount of such claims may be assessed by an arbitrator appointed by M. Gustave Ador, if he is willing, or if no such appointment is made by him, by an arbitrator appointed by the Mixed Arbitral Tribunal provided for in Section VI. They may be charged in the second place with payment of the amounts due in respect of claims by the nationals of such Allied or Associated Power with regard to their property, rights and interests in the territory of other enemy Powers, in so far as those claims are otherwise unsatisfied.

5.

Notwithstanding the provisions of Article 249, where immediately before the outbreak of war a company incorporated in an Allied or Associated State had rights in common with a company controlled by it and incorporated in Austria to the use of trade-marks in third countries or enjoyed the use in common with such company of unique means of reproduction of goods or articles for sale in third countries, the former company shall alone have the right to use these trade marks in third countries to the exclusion of the Austrian company, and these unique means of reproduction shall be handed over to the former company, notwithstanding any action taken under war legislation in force in the Austro-Hungarian Monarchy with regard to the latter company or its business, industrial property or shares. Nevertheless the former company, if requested, shall deliver to the latter company derivative copies permitting the continuation of reproduction of articles for use within Austrian territory.

6.

Up to the time when restitution is carried out in accordance with Article 249, Austria is responsible for the conservation of property, rights and interests of the nationals of Allied or Associated Powers, including companies and associations in which they are interested, that have been subjected by her to exceptional war measures.

7.

Within one year from the coming into force of the present Treaty the Allied or Associated Powers will specify the property, rights and interests over which they intend to exercise the right provided in Article 249, paragraph (*f*).

8.

The restitution provided in Article 249 will be carried out by order of the Austrian Government or of the authorities which have been substituted for it. Detailed accounts of the action of administrators shall be furnished to the interested persons by the Austrian authorities upon request, which may be made at any time after the coming into force of the present Treaty.

9.

Until completion of the liquidation provided for by Article 249, paragraph (*b*), the property, rights and interests of the persons referred to in that paragraph will continue to be subject to exceptional war measures that have been or will be taken with regard to them.

10.

Austria will, within six months from the coming into force of the present Treaty, deliver to each Allied or Associated Power all securities, certificates, deeds or other documents of title held by its nationals and relating to property, rights or interests situated in the territory of that Allied or Associated Power, including any shares, stock, debentures, debenture stock or other obligations of any company incorporated in accordance with the laws of that Power.

Austria will at any time on demand of any Allied or Associated Power furnish such information as may be required with regard to the property, rights and interests of Austrian nationals within the territory of such Allied or Associated Power, or with regard to any transactions concerning such property, rights or interests effected since July 1, 1914.

11.

The expression "cash assets" includes all deposits or funds established before or after the existence of a state of war, as well as all assets coming from deposits, revenues or profits collected by administrators, sequestrators or others from funds placed on deposit or otherwise, but does not include sums belonging to the Allied or Associated Powers or to their component States, Provinces or Municipalities.

12.

All investments wheresoever effected with the cash assets of nationals of the High Contracting Parties, including companies and associations in which such nationals were interested, by persons responsible for the administration of enemy properties or having control over such administration, or by order of such persons or of any authority whatsoever, shall be annulled. These cash assets shall be accounted for irrespective of any such investment.

13.

Within one month from the coming into force of the present Treaty, or on demand at any time, Austria will deliver to the Allied and Associated Powers all accounts, vouchers, records, documents and information of any kind which may be within Austrian Territory, and which concern the property, rights and interests of the nationals of those Powers, including companies and associations in which they are interested, that have been subjected to have been exceptional war measure, or to a measure of transfer either in the territory of the former Austrian Empire or in territory occupied by that Empire or its allies.

The controllers, supervisors, managers, administrators, sequestrators, liquidators and receivers shall be personally responsible under guarantee of the Austrian Government for the immediate delivery in full of these accounts and documents, and for their accuracy.

14.

The provisions of Article 249 and this Annex relating to property, rights and interests in an enemy country, and the proceeds of the liquidation thereof, apply to debts, credits and accounts, Section III regulating only the method of payment.

In the settlement of matters provided for in Article 249 between Austria and the Allied or Associated Powers, their colonies or protectorates, or any one of the British Dominions or India, in respect of any of which a declarations shall not have been made that they adopt Section III, and between their respective nationals, the provisions of Section III respecting the currency in which payment is to be made and the rate of exchange and of interest shall apply unless the Government of the Allied or Associated Power concerned shall within six months of the coming into force of the present Treaty notify Austria that one or more of the said provisions are not to be applied.

15.

The provisions of Article 249 and this Annex apply to industrial, literary and artistic property which has been or will be dealt with in the liquidation of property, rights, interests, companies, or business under war legislation by the Allied or Associated Powers or in accordance with the stipulations of Article 249, paragraph (*b*).

SECTION V.—CONTRACTS, PRESCRIPTIONS, JUDGMENTS.

ARTICLE 251.

(*a*) Any contract concluded between enemies shall be regarded as having been dissolved as from the time when any two of the parties became enemies, except in respect of any debt or other pecuniary obligation arising out of any act done or money paid thereunder, and subject to the exceptions

and special rules with regard to particular contracts or classes of contracts contained herein or in the Annex hereto.

(*b*) Any contract of which the execution shall be required in the general interest, within six months from the date of the coming into force of the present Treaty, by the Government of the Allied or Associated Power of which one of the parties is a national, shall be excepted from dissolution under this article.

When the execution of the contracts thus kept alive would, owing to the alteration of trade conditions, cause one of the parties substantial prejudice, the Mixed Arbitral Tribunal provided for by Section VI shall be empowered to grant to the prejudiced party equitable compensation.

(*c*) Having regard to the provisions of the constitution and law of the United States of America, of Brazil, and of Japan, neither the present Article, nor Article 252, nor the Annex hereto shall apply to contracts made between nationals of these States and nationals of the former Austrian Empire; nor shall Article 257 apply to the United States of America or its nationals.

(*d*) The present Article and the Annex hereto shall not apply to contracts the parties to which became enemies by reason of one of them being an inhabitant of territory of which the sovereignty has been transferred, if such party shall acquire, under the present Treaty, the nationality of an Allied or Associated Power nor shall they apply to contracts between nationals of the Allied and Associated Powers between whom trading has been prohibited by reason of one of the parties being in Allied or Associated territory in the occupation of the enemy.

(*e*) Nothing in the present Article or the Annex hereto shall be deemed to invalidate a transaction lawfully carried out in accordance with a contract between enemies if it has been carried out with the authority of one of the belligerent Powers.

ARTICLE 252.

(*a*) All periods of prescription, or limitation of right of action, whether they began to run before or after the outbreak of war, shall be treated in the territory of the High Contracting Parties, so far as regards relations between enemies, as having been suspended for the duration of the war. They shall begin to run again at earliest three months after the coming into force of the present Treaty. This provision shall apply to the period prescribed for the presentation of interest or dividend coupons or for the presentation for repayment of securities drawn for repayment on repayable or any other ground.

(*b*) Where on account of failure to perform any act or comply with any formality during the war, measures of execution have been taken in the territory of the former Austrian Empire to the prejudice of a national of an Allied or Associated Power, the claim of such national shall, if the matter does not fall within the competence of the Courts of an Allied or Associated Power, be heard by the Mixed Arbitral Tribunal provided for by Section VI.

(*c*) Upon the application of any interested person who is a national of an Allied or Associated Power, the Mixed Arbitral Tribunal shall order the restoration of the rights which have been prejudiced by the measures of execution referred to in paragraph (*b*), wherever, having regard to the particular circumstances of the case, such restoration is equitable and possible.

If such restoration is inequitable or impossible, the Mixed Arbitral Tribunal may grant compensation to the prejudiced party, to be paid by the Austrian Government.

(*d*) Where a contract between enemies has been dissolved by reason either of failure on the part of either party to carry out its provisions or of the exercise of a right stipulated in the contract itself, the party prejudiced may apply to the Mixed Arbitral Tribunal for relief. The Tribunal will have the powers provided for in paragraph (*c*).

(*e*) The provisions of the preceding paragraphs of this Article shall apply to the nationals of Allied and Associated Powers who have been prejudiced by reason of measures referred to above taken by the authorities of the former Austrian Government in invaded or occupied territory, if they have not been otherwise compensated.

(*f*) Austria shall compensate any third party who may be prejudiced by any restitution or restoration ordered by the Mixed Arbitral Tribunal under the provisions of the preceding paragraphs of this Article.

(*g*) As regards negotiable instruments, the period of three months provided under paragraph (*a*) shall commence as from the date on which any exceptional regulations applied in the territories of the interested Power with regard to negotiable instruments shall have definitely ceased to have force.

ARTICLE 253.

As between enemies no negotiable instrument made before the war shall be deemed to have become invalid by reason only of failure within the required time to present the instrument for acceptance or payment or to give notice of non-acceptance or non-payment to drawers or indorsers or to protest the instrument, nor by reason of failure to complete any formality during the war.

Where the period within which a negotiable instrument should have been presented for acceptance or for payment, or within which notice of non-acceptance or non-payment should have been given to the drawer or indorser, or within which the instrument should have been protested, has elapsed during the war, and the party who should have presented or protested the instrument or have given notice of non-acceptance or non-payment has failed to do so during the war, a period not less than three months from the coming into force of the present Treaty shall be allowed within which presentation, notice of non-acceptance or non-payment or protest may be made.

ARTICLE 254.

Judgments given by the Courts of an Allied or Associated Power in all cases which, under the present Treaty, they are competent to decide, shall be recognised in Austria as final, and shall be enforced without it being necessary to have them declared executory.

[illegible] judgment or measure of execution in respect of any dispute which may [illegible] arisen has been given during the war by a judicial authority of the [illegible]mer Austaian Empire against a national of an Allied or Associated Power, [illegible] a company or association in which one of such nationals was interest[illegible]n a case in which either such national or such company or association [illegible]not able to make their defence, the Allied and Associated national [illegible] has suffered prejudice thereby shall be entitled to recover compensat[illegible] to be fixed by the Mixed Arbitral Tribunal provided for in Section VI.

At the instance of the national of the Allied or Associated Power the compensation above mentioned may, upon order to that effect of the Mixed Arbitral Tribunal, be effected where it is possible by replacing the parties in the situation which they occupied before the judgment was given by the Austrian Court.

The above compensation may likewise be obtained before the Mixed Arbitral Tribunal by the nationals of Allied or Associated Powers who have suffered prejudice by judicial measures taken in invaded or occupied territories, if they have not been otherwise compensated.

ARTICLE 255.

For the purpose of Sections III, IV, V and VII the expression "during the war" means for each Allied or Associated Power the period between the commencement of the state of war between that Power and the former Austro-Hungarian Monarchy and the coming into force of the present treaty.

ANNEX.

I.—GENERAL PROVISIONS.

1.

Within the meaning of Articles 251, 252 and 253, the parties to a contract shall be regarded as enemies when trading between them shall have been prohibited by or otherwise became unlawful under laws, orders or regulations to which one of those parties was subject. They shall be deemed to have become enemies from the date when such trading was prohibited or otherwise became unlawful.

2.

The following classes of contracts are excepted from dissolution by Article 251, and, without prejudice to the rights contained in Article 249 (b) of Section IV, remain in force subject to the application of domestic laws, orders, or regulations made during the war by the Allied and Associated Powers and subject to the terms of the contracts:

(a) Contracts having for their object the transfer of estates or of real or personal property where the property therein had passed or the object had been delivered before the parties became enemies:

(b) Leases and agreements for leases of land and houses;

(c) Contracts of mortgage, pledge, or lien:

(d) Concessions concerning mines, quarries or deposits;

(e) Contracts between individuals or companies and States, provinces, municipalities or other similar juridical persons charged with administrative functions and concessions granted by States, provinces, municipalities or other similar juridical persons charged with administrative functions.

3.

If the provisions of a contract are in part dissolved under Article 251, the remaining provisions of that contract shall, subject to the same application of domestic laws as is provided for in paragraph 2, continue in force if they are severable, but where they are not severable the contract shall be deemed to have been dissolved in its entirety.

II.—PROVISIONS RELATING TO CERTAIN CLASSES OF CONTRACTS.

Stock Exchange and Commercial Exchange Contracts.

1.

(a) Rules made during the war by any Exchange or Commercial Association providing for the closure of contracts entered into before the war by an enemy are confirmed by the High Contracting Parties, as also any action taken thereunder, provided:

(1) that the contract was expressed to be made subject to the rules of the Exchange or Association in question;

(2) that the rules applied to all persons concerned;

(3) that the conditions attaching to the closure were fair and reasonable.

(b) The preceding paragraph shall not apply to rules made during the occupation by Exchanges or Commercial Associations in the districts occupied by the enemy.

(c) The closure of contracts relating to cotton "futures," which were closed as on July 31, 1914, under the decision of the Liverpool Cotton Association, is also confirmed.

Security.

5.

The sale of a security held for an unpaid debt owing by an enemy shall be deemed to have been valid irrespective of notice to the owner if the creditor acted in good faith and with reasonable care and prudence, and no claim by the debtor on the ground of such sale shall be admitted.

This stipulation shall not apply to any sale of securities effected by an enemy during the occupation in regions invaded or occupied by the enemy.

Negotiable Instruments.

6.

As regards powers which adopt section III and the Annex thereto the pecuniary obligations existing between enemies and resulting from the issue of negotiable instruments shall be adjusted in conformity with the said Annex by the instrumentality of the Clearing Offices, which shall assume the rights of the holder as regards the various remedies open to him.

7.

If a person has either before or during the war become liable upon a negotiable instrument in accordance with an undertaking given to him by a person who has subsequently become an enemy, the latter shall remain liable to indemnify the former in respect of his liability notwithstanding the outbreak of war.

III Contracts of Insurance.

8.

Contracts of insurance entered into by any person with another person who subsequently became an enemy will be dealt with in accordance with the following paragraphs.

Fire Insurance.

9.

Contracts for the insurance of property against fire entered into by a person interested in such property with another person who subsequently became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy, or on account of the failure during the war and for a period of three months thereafter to perform his obligations under the contract, but they shall be dissolved at the date when the annual premium becomes payable for the first time after the expiration of a period of three months after the coming into force of the present Treaty.

As settlement shall be effected of unpaid premiums which became due during the war or of claims for losses which occurred during the war.

10.

Where by administrative or legislative action an insurance against fire effected before the war has been transferred during the war from the original to another insurer, the transfer will be recognised and the liability of the original insurer will be deemed to have ceased as from the date of the transfer. The original insurer will, however, be entitled to receive on demand full information as to the terms of the transfer, and if it should appear that these terms were not equitable they shall be amended so far as may be necessary to render them equitable.

Furthermore, the insured shall, subject to the concurrence of the original insurer, be entitled to retransfer the contract to the original insurer as from the date of the demand.

Life Insurance.

11.

Contracts of life insurance entered into between an insurer and a person who subsequently became an enemy shall not be deemed to have been dissolved by the outbreak of war, or by the fact of the person becoming an enemy.

Any sum which during the war became due upon a contract deemed not to have been dissolved under the preceding provision shall be recoverable after the war with the addition of interest at 5 per cent. per annum from the date of its becoming due up to the day of payment.

Where the contract has lapsed during the war owing to non-payment of premiums, or has become void from breach of the conditions of the contract, the assured or his representatives or the persons entitled shall have the right at any time within twelve months of the coming into force of the persent Treaty to claim from the insurer the surrender value of the policy at the date of its lapse or avoidance.

Where the contract has lapsed during the war owing to non-payment of premiums the payment of which has been prevented by the enforcement of measures of war, the assured or his representative or the persons entitled shall have the right to restore the contract on payment of the premiums with interest at 5 per cent. per annum within three months from the coming into force of the present Treaty.

12.

Where contracts of life insurance have been entered into by a local branch of an insurance company established in a country which subsequently became an enemy country, the contract shall, in the absence of any stipulation to the contrary in the contract itself, be governed by the local law, but the insurer shall be entitled to demand from the insured or his representatives the refund of sums paid on claims made or enforced under measures taken during the war, if the making or enforcement of such claims was not in accordance with the terms of the contract itself or was not consistent with the laws or treaties existing at the time when it was entered into.

13.

In any case where by the law applicable to the contract the insurer remains bound by the contract notwithstanding the non-payment of premiums until notice is given to the insured of the termination of the contract, he shall be entitled, where the giving of such notice was prevented by the war, to recover the unpaid premiums with interest at 5 per cent. per annum from the insured.

14.

Insurance contracts shall be considered as contracts of life assurance for the purpose of paragraphs 11 to 13 when they depend on the probabilities of human life combined with the rate of interest for the calculation of the reciprocal engagements between the two parties.

Marine Insurance.

15.

Contracts of marine insurance, including time policies and voyage policies entered into between an insurer and a person who subsequently became an enemy, shall be deemed to have been dissolved on his becoming an enemy, except in cases where the risk undertaken in the contract had attached before he became an enemy.

Where the risk had not attached, money paid by way of premium or otherwise shall be recoverable from the insurer.

Where the risk had attached effect shall be given to the contract notwithstanding the party becoming an enemy, and sums due under the contract either by way of premiums or in respect of losses shall be recoverable after the coming into force of the present Treaty.

In the event of any agreement being come to for the payment of interest on sums due before the war to or by the nationals of States which have been at war and recovered after the war, such interest shall in the case of losses recoverable under contracts of marine insurance run from the expiration of a period of one year from the date of the loss.

16.

No contract of marine insurance with an insured person who subsequently became an enemy shall be deemed to cover losses due to belligerent action by the Power of which the insurer was a national or by the Allies or associates of such Power.

17.

Where it is shown that a person who had before the war entered into a contract of marine insurance with an insurer who subsequently became an enemy entered after the outbreak of war into a new contract covering the same risk with an insurer who was not an enemy, the new contract shall be deemed to be substituted for the original contract as from the date when it was entered into, and the premiums payable shall be adjusted on the basis of the original insurer having remained liable on the contract only up till the time when the new contract was entered into.

Other Insurances.

18.

Contracts of insurance entered into before the war between an insurer and a person who subsequently became an enemy, other than contracts dealt

with in paragraphs 9 to 17, shall be treated in all respects on the same footing as contracts of fire insurance between the same persons would be dealt with under the said paragraphs.

Reinsurance.

19.

All treaties of reinsurance with a person who became an enemy shall be regarded as having been abrogated by the person becoming an enemy, but without prejudice in the case of life or marine risks which had attached before the war to the right to recover payment after the war for sums due in respect of such risks.

Nevertheless if, owing to invasion, it has been impossible for the reinsured to find another reinsurer, the treaty shall remain in force until three months after the coming into force of the present Treaty.

Where a reinsurance treaty becomes void under this paragraph, there shall be an adjustment of accounts between the parties in respect both of premiums paid and payable and of liabilities for losses in respect of life or marine risks which had attached before the war. In the case of risks other than those mentioned in paragraphs 11 to 17 the adjustment of accounts shall be made as at the date of the parties becoming enemies without regard to claims for losses which may have occurred since that date.

20.

The provisions of the preceding paragraph will extend equally to reinsurances, existing at the date of the parties becoming enemies, of particular risks undertaken by the insurer in a contract of insurance against any risks other than life or marine risks.

21.

Reinsurance of life risks effected by particular contracts and not under any general treaty remain in force.

22.

In case of a reinsurance effected before the war of a contract of marine insurance, the cession of a risk which had been ceded to the reinsurer shall, if it had attached before the outbreak of war, remain valid and effect be given to the contract notwithstanding the outbreak of war; sums due under the contract of reinsurance in respect either of premiums or of losses shall be recoverable after the war.

23.

The provisions of paragraphs 16 and 17 and the last part of paragraph 15 shall apply to contracts for the reinsurance of marine risks.

SECTION VI.—MIXED ARBITRAL TRIBUNAL.

ARTICLE 256.

(*a*) Within three months from the coming into force of the present Treaty, a Mixed Arbitral Tribunal shall be established between each of the Allied and Associated Powers on the one hand and Austria on the other hand. Each such Tribunal shall consist of three members. Each of the Governments concerned shall appoint one of these members. The President shall be chosen by agreement between the two Governments concerned.

In case of failure to reach agreement, the President of the Tribunal and two other persons, either of whom may in case of need take his place, shall be chosen by the Council of the League of Nations, or, until this is set up, by M. Gustave Ador if he is willing. These persons shall be nationals of Powers that have remained neutral during the war.

If in case there is a vacancy a Government does not proceed within a period of one month to appoint as provided above a member of the Tribunal, such member shall be chosen by the other Government from the two persons mentioned above other than the President.

The decision of the majority of the members of the Tribunal shall be the decision of the Tribunal.

(*b*) The mixed Arbitral Tribunals established pursuant to paragraph (*a*) shall decide all questions within their competence under sections III, IV, V and VII.

In addition, all questions, whatsoever their nature, relating to contracts concluded before the coming into force of the present Treaty between nationals of the Allied and Associated Powers and Austrian nationals shall be decided by the Mixed Arbitral Tribunal, always excepting questions which, under the laws of the Allied Associated or Neutral Powers, are within the jurisdiction of the National Courts of those Powers. Such questions shall be decided by the National Courts in question, to the exclusion of the Mixed Arbitral Tribunal. The party who is a national of an Allied or Associated Power may nevertheless bring the case before the Mixed Arbitral Tribunal if this is not prohibited by the laws of his country.

(*c*) If the number of cases justifies it, additional members shall be appointed and each Mixed Arbitral Tribunal shall sit in divisions. Each of these divisions will be constituted as above.

(*d*) Each Mixed Arbitral Tribunal will settle its own procedure except in so far as it is provided in the following Annex, and is empowered to award the sums to be paid by the loser in respect of the costs and expenses of the proceedings.

(*e*) Each Government will pay the remuneration of the member of the Mixed Arbitral tribunal appointed by it and of any agent whom it may appoint to represent it before the Tribunal. The remuneration of the President will be determined by special agreement between the Governments concerned ; and this remuneration and the joint expenses of each Tribunal will be paid by the two Governments in equal moieties.

(*f*) The High Contracting Parties agree that their courts and authorities shall render to the Mixed Arbitral Tribunals direct all the assistance in their power, particularly as regards transmitting notices and collecting evidence.

(*g*) The High Contracting Parties agree to regard the decisions of the Mixed Arbitral Tribunal as final and conclusive, and to render them binding upon their nationals.

ANNEX.

1.

Should one of the members of the Tribunal either die, retire or be unable for any reason whatever to discharge his functions, the same procedure will be followed for filling the vacancy as was followed for appointing him.

2.

The Tribunal may adopt such rules of procedure as shall be in accordance with justice and equity and decide the order and time at which each party must conclude its arguments, and may arrange all formalities required for dealing with the evidence.

3.

The agent and counsel of the parties on each side are authorised to present orally and in writing to the Tribunal arguments in support or in defence of each case.

4.

The Tribunal shall keep record of the questions and cases submitted and the proceedings thereon, with the dates of such proceedings.

5.

Each of the Powers concerned may appoint a secretary. These secretaries shall act together as joint secretaries of the Tribunal and shall be subject to its direction. The Tribunal may appoint and employ any other necessary officer or officers to assist in the performance of its duties.

6.

The Tribunal shall decide all questions and matters submitted upon such evidence and information as may be furnished by the parties concerned.

7.

The High Contracting Parties agree to give the Tribunal all facilities and information required by it for carrying out its investigations.

8.

The language in which the proceedings shall be conducted shall, unless otherwise agreed, be English, French, Italian or Japanese, as may be determined by the Allied or Associated Power concerned.

9.

The place and time for the meetings of each Tribunal shall be determined by the President of the Tribunal.

ARTICLE 257.

Whenever a competent court has given or gives a decision in a case covered by Section III, IV, V or VII, and such decision is inconsistent with the provisions of such Sections, the party who is prejudiced by the decision shall be entitled to obtain redress which shall be fixed by the Mixed Arbitral Tribunal. At the request of the national of an Allied or Associated Power, the redress may, whenever possible, be effected by the Mixed Arbitral Tribunal directing the replacement of the parties in the position occupied by them before the judgment was given by the court of the former Austrian Empire.

SECTION VII.—INDUSTRIAL PROPERTY

ARTICLE 258.

Subject to the stipulations of the present Treaty, rights of industrial, literary and artistic property, as such property is defined by the International Conventions of Paris and of Berne, mentioned in Articles 237 and 239, shall be re-established or restored, as from the coming into force of the present Treaty, in the territories of the High Contracting Parties, in favour of the persons entitled to the benefit of them at the moment when the state of war commenced, or their legal representatives. Equally, rights which, except for the war, would have been acquired during the war in consequence of an application made for the protection of industrial property, or the publication of a literary or artistic work, shall be recognised and established in favour of those persons who would have been entitled thereto, from the coming into force of the present Treaty.

Nevertheless, all acts done by virtue of the special measures taken during the war under legislative, executive or administrative authority of any Allied or Associated Power in regard to the rights of nationals of the former Austrian Empire in industrial, literary or artistic property shall remain in force and shall continue to maintain their full effect.

No claim shall be made or action brought by Austria or Austrian nationals or by or on behalf of nationals of the former Austrian Empire in respect of the use during the war by the Government of any Allied or Associated Power, or by any persons acting on behalf or with the assent of such Government of any rights in industrial, literary or artistic property, nor in respect of the sale, offering for sale or use of any products, articles or apparatus whatsoever to which such rights applied.

Unless the legislation of any one of the Allied or Associated Powers in force at the moment of the signature of the present Treaty otherwise directs, sums due or paid in respect of the property of persons referred to in Article 249(b) and in virtue of any act or operation resulting from the execution of the special measures mentioned in the second paragraph of this Article shall be dealt with in the same way as other sums due to such persons are directed to be dealt with by the present Treaty; and sums produced by any special measures taken by the Government of the former

Austrian Empire in respect of rights in industrial, literary or artistic property belonging to the nationals of the Allied or Associated Powers shall be considered and treated in the same way as other debts due from Austrian nationals.

Each of the Allied and Associated Powers reserves to itself the right to impose such limitations, conditions or restrictions on rights of industrial, literary or artistic property (with the exception of trade-marks) acquired before or during the war, or which may be subsequently acquired in accordance with its legislation. by Austrian nationals. whether by granting licences, or by the working, or by preserving control over their exploitation. or in any other way, as may be considered necessary for national defence, or in the public interest, or for assuring the fair treatment by Austria of the rights of industrial, literary and artistic property held in Austrian territory by its nationals, or for securing the due fulfilment or all obligations undertaken by Austria in the present Treaty. As regards rights of industrial, literary and artistic property acquired after the coming into force of the present Treaty, the right so reserved by the Allied and Associated Powers shall only be exercised in cases where these limitations, conditions or restrictions may be considered necessary for national defence or in the public interest.

In the event of the application of the provisions of the preceding paragraph by any Allied or Associated Power, there shall be paid reasonable indemnities or royalties, which shall be dealt with in the same way as other sums due to Austrian nationals are directed to be dealt with by the present Treaty.

Each of the Allied or Associated Powers reserves the right to treat as void and of no effect any transfer in whole or in part of or other dealing with rights of or in respect of industrial, literary or artistic property effected after July 28, 1914, or in the future, which would have the result of defeating the objects of the provisions of this Article.

The provisions of this Article shall not apply to rights in industrial, literary or artistic property which have been dealt with in the liquidation of businesses or companies under war legislation by the Allied or Associated Powers, or which may be so dealt with by virtue of Article 249, paragraph (b).

ARTICLE 259.

A minimum of one year after the coming into force of the present Treaty shall be accorded to the nationals of the High Contracting Parties, without extension fees or other penalty, in order to enable such persons to accomplish any act, fulfil any formality, pay any fees, and generally satisfy any obligation prescribed by the laws or regulations of the respective States relating to the obtaining, preserving or opposing rights to, or in respect of, industrial property either acquired before July 28, 1914, or which, except for the war, might have been acquired since that date as a result of an application made before the war or during its continuance, but nothing in this Article shall give any right to re-open interference proceedings in the United States of America where a final hearing has taken place.

All rights in, or in respect of, such property which may have lapsed by reason of any failure to accomplish any act, fulfil any formality, or make any payment, shall revive, but subject in the case of patents and designs to the imposition of such conditions as each Allied or Associated Power may deem reasonably necessary for the protection of persons who have manufactured or made use of the subject-matter of such property while the rights had lapsed. Further, where rights to patents or designs belonging to Austrian nationals are revived under this Article, they shall be subject in respect of the grant of licences to the same provisions as would have been applicable to them during the war, as well as to all the provisions of the present Treaty.

The period from July 28, 1914, until the coming into force of the present Treaty shall be excluded in considering the time within which a patent should be worked or a trade mark or design used, and it is further agreed that no patent, registered trade mark or design in force on July 28, 1914, shall be subject to revocation or cancellation by reason only of the failure to work such patent or use such trade mark or design for two years after the coming into force of the present Treaty.

ARTICLE 260.

The rights of priority provided by Article 4 of the International Convention for the Protection of Industrial Property of Paris of March 20, 1883, revised at Washington in 1911, or by any other Convention or Statute, for the filing or registration of applications for patents or models of utility and for the registration of trade marks, designs and models which had not expired on July 28, 1914, and those which have arisen during the war or would have arisen but for the war, shall be extended by each of the High Contracting Parties in favour of all nationals of the other High Contracting Parties for a period of six months after the coming into force of the present Treaty.

Nevertheless, such extension shall in no way affect the right of any of the High Contracting Parties or of any person who before the coming into force of the present Treaty was *bona fide* in possession of any rights of industrial property conflicting with rights applied for by another who claims rights of priority in respect of them, to exercise such rights by itself or himself personally, or by such agents or licensees as derived their rights from it or him before the coming into force of the present Treaty; and such persons shall not be amenable to any action or other process of law in respect of infringement.

ARTICLE 261.

No action shall be brought and no claim made by nationals of the former Austrian Empire or by persons residing or carrying on business within the territory of that Empire, on the one part, and on the other part by persons residing or carrying on business in the territory of the Allied or Associated Powers, or persons who are nationals of such powers respectively, or by any one deriving title during the war from such persons, by reason of any action which has taken place within the territory of the other party between the date of the existence of a state of war and that of the coming into force of the present Treaty, which might constitute an infringement of the rights of industrial property or rights of literary and artistic property, either existing at any time during the war or revived under the provisions of Articles 259 and 260.

Equally, no action for infringement of industrial, literary or artistic property rights by such persons shall at any time be permissible in respect of the sale or offering for sale for a period of one year after the signature of the present Treaty in the territories of the Allied or Associated Powers on the one hand or Austria on the other, of products or articles manufactured, or of literary or artistic works published, during the period between the existence of a state of war and the signature of the present Treaty, or against those who have acquired and continue to use them. It is understood, nevertheless, that this provision shall not apply when the possessor of the rights was domiciled or had an industrial or commercial establishment in districts occupied by the Austro-Hungarian armies during the war.

This Article shall not apply as between the United States of America on the one hand and Austria on the other.

ARTICLE 262.

Licences in respect of industrial, literary or artistic property concluded before the war between nationals of the Allied or Associated powers or persons residing in their territory or carrying on business therein, on the one part, and nationals of the former Austrian Empire, on the other part, shall be considered as cancelled as from the date of the existence of a state of war between the former Austro-Hungarian Monarchy and the Allied or Associated Power. But, in any case, the former beneficiary of a contract of this kind shall have the right, within a period of six months after the coming into force of the present Treaty, to demand from the proprietor of the rights the grant of a new licence, the conditions of which, in default of agreement between the parties, shall be fixed by the duly qualified tribunal in the country under whose legislation the rights had been acquired, except in the case of licences held in respect of rights acquired under the law of the former Austrian Empire. In such cases, the conditions shall be fixed by the Mixed Arbitral Tribunal referred to in Section VI of this Part. The tribunal

may, if necessary, fixed also the amount which it may deem just should be paid by reason of the rights during the war.

No licence in respect of industrial, literary or artistic property, granted under the special war legislation of any Allied or Associated Power, shall be affected by the continued existence of any licence entered into before the war, but shall remain valid and of full effect, and a licence so granted to the former beneficiary of a licence entered into before the war shall be considered as substituted for such licence.

Where sums have been paid during the war in respect of the rights of person referred to in Article 249 (*b*) by virtue of a licence or agreement concluded before the war in respect of rights of industrial property or for the reproduction or the representation of literary, dramatic or artistic works, these sums shall be dealt with in the same manner as other debts or credits of such persons as provided by the present Treaty.

This Article shall not apply as between the United States of America on the one hand and Austria on the other.

(4) Every portion of a field punishment shall be inflicted in such a manner as is calculated not to cause injury or to leave any permanent mark on the offender; and a portion of a field punishment must be discontinued upon a report by a responsible medical officer that the continuance of that portion would be prejudicial to the offender's health.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR THE MONTH OF FEBRUARY 1921.

I. **Character of the season.**—During the first two weeks of the month light rain fell almost throughout the Presidency. The fall was below normal in all the districts. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Harvesting of potatoes, mustard and sugarcane and preparatory tillage for the next autumn crops were proceeding. The rainfall in the early part of the month benefited the late sown spring crops and facilitated field operations generally.

III. **State of standing crops.**—The standing spring crops were, on the whole, doing well.

IV. **Prospects and probable outturn.**—The prospects of tobacco, wheat, barley and summer rice were reported to be favourable. A satisfactory outturn is anticipated for the late sown spring crops.

V. **Damage to standing crops.**—No report of damage to the standing crops was received from any district.

VI **Condition of agricultural stock.**—The condition of agricultural stock was fair. Stray cases of cattle disease were, however. reported from nine districts.

VII. **Failure of pasturage and fodder.**—There was sufficiency of fodder everywhere.

VIII. **Prices of food-grains.**—During the second fortnight of the month under review the price of rice of the cheapest quality rose in one district, fell in fourteen and remained stationary in the rest. It ranged from 6¼ seers a rupee at Tippera to 8½ seers at Dacca.

Darjeeling.

Rules

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 300, to lay down communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions :—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied, free of cost, at the Municipal office.

2. A fee of Rs. 100 must be paid to the Commissioners by such owner or occupier for each connection to a Municipal main supply-pipe or a common communication-pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Except as provided below, each holding must have a separate connection to the Municipal main supply-pipe and extensions from the communication-pipe of one holding to another holding shall not be permitted :

Provided that, with the consent of the Commissioners in meeting connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a

street or common passage and a stop-cock and meter, as provided for in rule 7, must be fixed on the connection to each holding:

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection they may sanction additional connections thereto.

4. The owner or occupier of the holding in respect to which the connection is required, must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, water-mains or pipes, and the cost of such other works, as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the Municipal water-works or system of distribution or by the defective condition of the connection or any part thereof or by any other cause whatever.

6. (*1*) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners

(*2*) No work shall be carried out under sub-rule (*1*), except under the supervision of a Municipal officer.

(*3*) When the works required by rules 4 and 5 are carried out by the Commissioners, the cost must be deposited before such works are commenced and the owner or occupier on whose behalf the works are done will be responsible for any damage or repairs to or stoppage of the pipes after the same have been handed over by the Commissioners.

7 A holding connection shall comprise the following part or fittings :—

(*a*) a brass or gun-metal ferrule inserted in the main supply-pipe;

(*b*) a galvanized iron communication-pipe from the ferrule to the meter;

(*c*) a stop-cock and its surface-box;

(*d*) a meter for all new connections, except when a connection is required for a flusher only;

(*e*) service-pipes from the stop-cock to the taps;

(*f*) taps; and

(*g*) a long screw with back nuts, fixed immediately beyond the stop-cock or meter pit on the house side to enable repairs to be made without disturbing the Municipal fittings.

8. (*1*) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(*2*) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(*3*) If any owner or occupier shall desire to instal baths or lavatory fittings provided with water-fittings or any other fittings not covered by the schedule of approved fittings, he must present such fittings for the approval of the Chairman and any fittings so presented, if considered necessary, may be stamped and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position, must be capable of standing a pressure of *400* feet, and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (*a*) and (*b*) of rule 7, and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows :—

Annual valuation of holding.	Size of ferrule.	Diameter of communication-pipe.	Number of taps

„ 1,801 „ 2,400 ...	$\frac{3}{4}$	1	6
„ 2,401 and upwards by special arrangement.			

11. If at any time it is found that the number of taps in any connected holding is in excess of the number permitted by the rules under which the connection to the holding was allowed by the Commissioners, the Commissioners may provide and fix a meter on the connection and recover the cost of so doing from the owner or occupier.

12. (*1*) On every communication-pipe, a brass or gun-metal stop-cock having the same water-way as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(*2*) The stop-cock shall be built in a brick, stone or concrete chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(*3*) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

13. (*1*) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(*2*) The meter must be fixed in a brick, stone or concrete chamber covered over with a cast-iron surface-box of approved pattern.

14. The Commissioners shall depute an authorized person to read every meter not less than once a month

15. (*1*) Every owner or occupier of any holding, in respect of which a connection has been made, under these rules, shall be entitled to a supply of—

(*a*) 4,000 gallons of water per quarter for each rupee of water-rate paid in respect of such holding;

(*b*) a further proportionate number of gallons per quarter for every additional fraction of a rupee, paid by him quarterly as water-rate in respect of such holdings;

(*c*) and such allowance for sanitary purposes as the Chairman may in each case decide.

16. The Commissioners may cut off the connection between any water-works of the Municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely:—

(a) if the holding is unoccupied;
(b) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorized under this Act, or under any by-law or rule framed under this Act, or prevents such officer from making such examination or inspection;
(c) if the owner or occupier of the holding touches or interferes with his meter in any way, except with the permission of the Chairman, or wilfully or negligently injures or damages it;
(d) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood;
(e) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same;
(f) if the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes or any other works in connection with the water-supply not authorized by these rules;
(g) if the pipes, taps, ball-cocks, cisterns or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or a state of disrepair:

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (d), an officer authorized by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

PUBLIC.

Delhi, the 7th March 1921.

RESOLUTION.

The Government have had recently under consideration the question of the right of Government officers to explain and defend in public the policy of the Government. The existing orders on this subject are contained in rules 20, 22 and 23 of the Government Servants' Conduct Rules. Under rule 20 a Government servant may not publish in the press any statement of fact or opinion which may embarrass the relations between the Government and any section of the people; under rule 22 he may not take part in any political movement, nor attend any political meeting at which his presence is likely to be misconstrued; and under rule 23 he may not interfere or use his influence in any way in an election to a legislative council, except that he may record a vote, if he is qualified to do so. These rules were framed many years ago; in the interval the conditions have greatly altered; and in the Report on the Indian Constitutional Reforms it was recommended that in view of these changes there should be a greater liberty of action to the European public servant in India. "He ought not," it was urged and of course the same considerations apply to the Indian public servant, "to leave the task of political education solely to the politicians. He too must explain and persuade and argue and refute." This view was endorsed by the Joint Committee in their Report on the Government of India Bill.

2. The Government of India realise the objections to the participation in politics of Government officers. They recognise that it is the clear duty of their officers to refrain from any action that might lay th[illegible]m open to the charge of attempting to influence the course of an election. They recognise too that in the main the defence of the policy of Government [illegible] the concern of the Government itself, and in regard to most matters of [illegible]ic interest they do not desire that their officers should embark on [illegible]rous [illegible]opaganda in their interests. But, in the conditions now obtai[illegible]e subjects on which Government officers cannot be prohibited [illegible]ing their views merely because by so doing they will run counter [illegible]enets of a political party. The non-co-operation movement is a clear ins[illegible]e in point. A campaign is being carried on at the present moment by the adherents [illegible] this movement which has for its object the paralysis of the Govern[illegible] and which seeks to attain this object by seditious and unscrupulous [illegible]ganda amongst the masses of the people. In regard to movements [illegible]is kind Government officers cannot be required to maintain an attitude of silence and aloofness. They must be permitted, indeed it is their duty, to counter and refute such propaganda; and if their action in this direction is to be fully effective, it may be necessary on occasions for them to address public meetings.

3. The Government of India have therefore decided, with the approval of the Secretary of State, that in future, and subject to certain clear limitations, Government officers will be allowed to explain and defend in public the policy of the Government. The action taken must be for the purpose of removing misapprehensions, correcting misstatements, or refuting disloyal and seditious propaganda; so far as possible there should be no reference to the personality of parties or individuals who may be in opposition to the Government; and when elections are impending Government officers must be careful that they give no ground for the suggestion that statements of facts or views made by them have been made with the object of influencing the electors in favour of, or against, any party or an individual candidate. Further, no statement of facts or opinion on public matters may be published by a Government servant in the press under his own name without the permission of the local Government But subject to these conditions Government officers will be at liberty to defend and explain the policy of Government either in interviews with the members of the public, at local Durbars, or on the platform. Rules 22 and 23 of the Government Servants' Conduct Rules have accordingly been redrafted and a copy of the revised rules is appended to this Resolution.

Order.—Ordered that the Resolution be published in the *Gazette of India* and that copy be forwarded to all local Governments and Administrations and Departments of the Government of India for information.

Amendments in the Government Servants' Conduct Rules.

Rule 22.—(1) A Government servant may, for the purpose of removing misapprehensions, correcting misstatements and refuting disloyal and seditious propaganda, defend and explain in public the policy of the Government. Save, however, as provided in rules 17, 18, 19 a Government servant may not make any communication to the press in regard to the policy or acts of the Government without the sanction of the local Government or such superior authority as the local Government may prescribe.

(2) In any action taken by them under sub-paragraph (1) Government servants should, so far as possible, refrain from making any reference to the personality of parties or individuals who may be in opposition to the Government, and when elections are impending, they must give no ground for the suggestion that any statements of facts or views made by them have been made with the object of influencing electors in favour of or against any party or individual candidate.

Rule 23.—(1) Save as provided in rule 22 or when acting under the express instructions of the local Government a Government servant may not take part in, or subscribe in aid of, any political movement in India or relating to Indian affairs. Where there is room for doubt whether any action which a Government servant proposes to take will contravene this provision, he should refer the matter to the local Government to which or to the Government servant to whom he is immediately subordinate.

(2) A Government servant, who is a whole-time Government servant, may not, by canvassing or otherwise, interfere or use his influence in any way, in an election to a legislative council except that he may record a vote, if he is qualifie[illegible]to do so, and in that case he should, as far as possible, avoid giving any in[illegible]ation beforehand of the direction in which he intends to vote.

(3) A [illegible]vernment servant, who is a whole-time Government servant may not [illegible]ve to [illegible] extent permissible in the case of elections to Legislative Councils [illegible] is himself a candid[illegible]e, who is legally eligible and has obtained [illegible] authority such permission, if any, as is required to enable h[illegible] stand for election, take part in elections to Municipal Committees, [illegible]ict Boards and Local Boards.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 24th March 1921.

No. 38.—The following Regulations, issued by the Secretary of State for India, regarding the appointment of Assistant Executive Engineers in the Public Works and State Railway Departments of the Government of India in 1921, are republished for general information.

C. P. WALSH.

Secretary to the Government of Bengal.

INDIAN SERVICE OF ENGINEERS AND ENGINEERING ESTABLISHMENT OF INDIAN STATE RAILWAYS.

Regulations as to appointment of Assistant Executive Engineers in 1921.

[*The Secretary of State is unable to give any undertaking that the Regulations will remain unaltered in the future.*]

1. Until further notice the Secretary of State for India in Council will, during each year, make a number of appointments of Assistant Executive Engineers in the Public Works and State Railway Departments of the Government of India.

In making these appointments he will act with the advice of a Selection Committee, including at least one eminent representative of the Engineering profession.

In 1921 it is intended that nine appointments of Europeans and two of Indians should be made

The Selection Committee will probably sit in May or June.

2. Applications must be made on a printed form, which may be obtained from the Secretary, Public Works Department, India Office, Whitehall, S. W. 1, and should reach the India Office not later than 30th April.

3. Every European candidate must have been born on or after the 2nd August 1894 and on or before the 1st August 1899.

An Indian candidate must have attained the age of 21 and not attained the age of 24 years* on the first day of July of the year in which he offers himself for appointment, except that in the case of an Indian who has rendered service of the nature defined in Regulation 4, the same maximum age limit as for Europeans will apply.

N. B.—*Indians must obtain a certificate of age and nationality in the form explained in Appendix II. As the production of this certificate is a necessary condition of appointment intending candidates are advised to procure it without delay. The certificate should be forwarded to the India Office together with the candidate's form of application or at the earliest subsequent opportunity.*

4. Every European candidate in 1921, subject to the exception stated below, must have served in His Majesty's Naval, Military or Air Forces during the war for at least one year, or if his service be less than one year have been discharged on account of wounds or sickness resulting from such service.

In the case of Europeans who have been prevented on adequate grounds from joining His Majesty's Forces, applications to be exceptionally admitted as candidates may be made to the India Office for consideration.

5. Every European candidate must be a British subject and, except as provided in Regulation 6 if he or his father or his mother was not born within His Majesty's Dominions and allegiance, the father must at the time of the candidate's birth have been a British subject and still be (or have continued to be until his death) a British subject The decision of the Secretary of State in Council whether a candidate satisfies these conditions shall be final. A candidate must also be of good moral character and sound bodily health and, in the opinion of the Secretary of State for India in Council, in all respects suitable to hold an appointment in the Indian Public Works Department or State Railway Department.

6. Indians are eligible for the appointments open to them provided that they are British subjects or that the Governor-General in Council has made a declaration under section 96A of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916, that they are to be considered eligible.

7. Indian candidates must produce evidence that they have either (1) obtained one of the University degrees mentioned in Appendix I; or (2) passed Sections A and B of the A.M.I.C.E. examination; or (3) obtained such other diploma or distinction in Engineering as the Secretary of State may decide to accept in any particular case. It is preferred that candidates

* Subject to the exception stated in paragraph 8, the maximum age limit of 24 years for Indian candidates will be maintained for the next two years and will be reduced to 23 years in 1924.

should have taken a college course and obtained one of the degrees mentioned in Appendix I. They must in addition have had at least one full year's practical experience of Civil Engineering under a qualified civil engineer at the time when they appear before the Selection Committee. Those whose qualifying diploma has been obtained without a college course should have had a full three years of such practical experience.

8. European applicants eligible under Rule 4 who can produce evidence of the above qualifications will be admitted as candidates; others not holding one of the recognised degrees or diplomas must produce evidence—

(a) of having received a general education high enough to fit them to receive proper professional training and to become members of the Engineering profession;

(b) of having received some technical education (University or otherwise) in Engineering; and

(c) of having had some practical training and experience in Engineering as civilians and in military or quasi-military service.

An applicant who has served or is serving at the time of his application, must produce, if possible, a report by his Commanding Officer on his character, administrative capacity and powers of organisation, and aptitude, natural bent, and Engineering experience.

9. In the event of any candidate being selected who has not, in the opinion of the Selection Committee, had sufficient practical experience, he may be required to undergo, after arrival in India, such period of probation in charge of works as may be decided upon, and his final appointment will be made dependent upon the result of such probation.

10. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee.

11. Candidates will further be required, before final appointment by the Secretary of State in Council, to appear, at their own expense, before the Medical Board at the India Office for examination as to their physical fitness for service in India.

The Regulations governing the physical examination of candidates for the Public Works and State Railway Departments of the Government of India are given in Appendix III.

*12. Selected candidates will also be required to satisfy the Secretary of State of their ability to ride.

13. They will on appointment be provided with a free first-class passage to India and they will be expected to proceed thither about the end of September or later in the year in which they are appointed.

Their pay will begin from the date of their landing in India, and, if they so desire, they will be able to obtain an advance of two months' pay, recoverable by monthly instalments of one-third of salary. Of this advance a portion not exceeding one-half may be drawn in England.

---

* Selected candidates will be examined by the Civil Service Commissioners as to their ability to ride, and will be required to obtain either—

(a) a certificate from the Civil Service Commissioners that they are sufficiently at home in the saddle for the efficient performance of all the duties of the Indian Public Works and State Railway Departments; or

(b) a certificate from the Civil Service Commissioners of minimum proficiency in riding.

In the latter case they will be subjected, on their arrival in India, to such further tests in riding as may be prescribed by their Government.

Candidates are warned that the certificate of minimum proficiency in riding, without which they will not be allowed to proceed to India, is only granted to those who can qualify in a series of tests, which includes jumping.

The chief tests will be saddling and bridling; mounting and dismounting; trotting and cantering; riding at a trot without stirrups; riding at a trot with stirrups but without reins; jumping a hedge hurdle about 3 feet in height.

Although the examination will, in the main, be confined to these points, the examiner will not be debarred from applying any other tests which may appear desirable.

14. If less than 24 years of age on 1st August 1921, candidates will enter the service as Assistant Executive Engineers on a salary of Rs. 6,300 a year. If above 24 years, they will be credited with service as though they had been appointed in their 24th year. The years of service so credited will subsequently count for purposes of pay and promotion, but not for leave.

15. Service in His Majesty's Forces will count for active and total service for pension (including invalid pension) as follows:—Candidates who have attained the age of 25 on 1st August preceding arrival in India, will be allowed to count a period not exceeding one year, provided such period was spent on active war service, including sick leave.

16. The instruments required by Assistant Executive Engineers are supplied to them in India.

17. Particulars as to pay, pension, &c., are contained in Appendices IV and V.

APPENDIX III.

REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENT TO THE PUBLIC WORKS DEPARTMENT OF THE GOVERNMENT OF INDIA.

Note—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.

It is not the practice to communicate to candidates who may be reported as physically unfit for service in India the reasons for the Medical Board's opinion.

General Physical Requirements.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth :—

Age.	Height without Shoes	Chest.	
		Girth when expanded.	Range of Expansion.
	Inches	Inches	Inches.
21 and upwards	62½ and under 65	35	2
	65 " 68	35½	2
	68 " 70	36	2
	70 " 72	36½	2½
	72 and upwards	37	2½

3. *Measurement of Height*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 ft. 4 ins. is required, but in other Departments no fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. The Regulations as to the standard of vision required are shown separately for each department. In all cases of "colour blindness" a note of the same will be made on the candidate's papers.

Candidates may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(*a*) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(*b*) Candidates must pay their travelling expenses.

(*c*) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination, or to their appointment.

(*d*) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

Regulations as to the Standard of Vision.

1. If myopia in one or both eyes exists, a candidate may be passed provided the ametropia does not exceed 3·5 D, and if, with correcting glasses not exceeding 3·5 D, the acuteness of vision in one eye equals $\frac{6}{6}$ and in the other $\frac{6}{9}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate, provided the lens, or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 3·5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$, and in the other $\frac{6}{9}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D, is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{9}$, with +4 D glasses, or any lower power.

4. Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{6}$, and the other $\frac{6}{9}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in these rules, may exclude a candidate.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. Any imperfection of the colour sense is a disqualification for appointment to the engineering branch of the Railway Department. In other cases the existence of imperfection of colour sense will be noted on the candidate's papers.

APPENDIX V. (*See para. 17 of the Regulations.*)

NOTE.—This Appendix is merely intended to show the principal leave and pension rules in the Civil Service Regulations at present applicable to Engineers appointed to the Indian Services from the United Kingdom without going into minute details, and does not profess to deal with every case that may arise. The rules are subject to alteration, and any disputed question must be decided with reference to the authorised text of the Civil Service Regulations for the time being.

LEAVE.

1. The following is a summary of the principal regulations relating to the leave admissible to Engineers appointed to the Indian Services by the Secretary of State from the United Kingdom.

Long Leave.

2. Furlough with allowances (*see* paragraph 5) is admissible to an aggregate maximum amount of six years during an officer's service.

3. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

4. Except as provided in Rule 7, furlough without medical certificate is limited to the amount "due" and may not exceed two years at a time. On medical certificate furlough may be extended to three years.

5. The allowances admissible during furlough are—

(1) During any period of furlough not exceeding two years, half average salary, subject to certain maximum and (in the case of furlough with medical certificate) minimum limits.

(2) After the expiration of the first two years of any period of furlough, one quarter of average salary, subject to certain maximum and minimum limits.

6. Furlough on half average salary (*see* paragraph 5) may be commuted into leave on higher pay subject to the following conditions :—

(1) The leave on higher pay, or "commuted furlough," is fixed at one-half of the furlough commuted.

(2) The amount of furlough which may be commuted during an officer's total service is limited to two years.

(3) The commuted furlough will carry an allowance at the rate of average salary, subject to a maximum of £ 2,400 a year.

(4) Subject to special consideration in exceptional circumstances, an officer must have six months' furlough at his credit at the end of the "commuted furlough" or any leave granted to him in continuation of it.

(5) In any one period of leave not more than eight months may be spent on "commuted furlough" or on "commuted furlough" combined with privilege leave.

(6) For the purpose of the rules governing the extent to which leave taken out of India may be allowed to count as service for pension, time spent out of India on "commuted furlough" will be reckoned according to its actual duration, and not according to the duration of the furlough in exchange for which it is granted.

7. In respect of urgent private affairs, an officer may be granted furlough in excess of the amount "due" for a period not exceeding six months at one time or 12 months in the whole of his service

Short Leave.

8. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to four months. It may be combined with leave of other kinds.

9. Joining time for a short period, usually with half average salary, is granted to an officer returning from leave out of India to enable him to rejoin his appointment.

10. Short leave is also granted to enable officers to appear at examinations, &c.

11 Extraordinary leave without allowances may be granted in case of necessity, and, subject to exception in special cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General.

12. Leave of absence, whether on furlough or on privilege leave, cannot be claimed as of right, and is given or refused at the discretion of Government.

PENSIONS.

13 The following is summary of the pension rules applicable to Engineers appointed to the Indian Services by the Secretary of State from the United Kingdom.

Ordinary Pensions.

14. Subject to the absolute right of the Government of India to decline to permit any officer to retire before reaching the age for superannuation, should it be necessary in the public interest to retain his services, officers will be allowed to retire optionally after 20 or more years' service.

15. Retirement is ordinarily required at the age of 55 years, but for special reasons an officer is sometimes retained after attaining that age.

16. An officer becomes eligible for full retiring pension on completing 30 years' qualifying service.

17. If before completing this period of service an officer is permitted to retire voluntarily after completion of 20 or more years' qualifying service (paragraph 14), or is compelled to retire on attaining the age of 55 (paragraph 15), or through ill-health not occasioned by irregular or intemperate habits, he will be eligible for a reduced pension or, if invalided with less than 10 years' qualifying service, for a gratuity.

18. The amount of pension or gratuity is regulated as follows :—

(a) After a service of less than 10 years.—A gratuity not exceeding one month's emoluments for each completed year of service.

(b) After a service of not less than 10 years.—A pension not exceeding the following amounts :—

Years of Completed Service.	Maximum Limit of Pension.	Years of Completed Service.	Maximum Limit of Pension
10	1,000 a year	19	3,000 a year
11	1,400 ,,	20	4,000 ,,
12	1,800 ,,	25	5,000 ,,
13	2,200 ,,	26	5,200 ,,
14	2,600 ,,	27	5,400 ,,
15	3,000 ,,	28	5,600 ,,
16	3,000 ,,	29	5,800 ,,
17	3,000 ,,	30	6,000 ,,
18	3,000 ,,		

19. Government may retire any officer after he has completed 25 years' service without giving reasons, and without any claim for compensation in addition to pension, and in that event the pension admissible to him will ordinarily be regulated on a scale not exceeding that laid down above. Government also reserves the general power to reduce the pension ordinarily admissible in all cases where an officer's service has been unsatisfactory.

Additional Pensions.

20. The Government of India have classified certain high appointments into two grades, the lower comprising those posts which involve high but intermediate responsibility, the higher consisting of those which require a marked degree of independent administrative and professional capacity. Officers who have held appointments listed in the lower grade will be entitled to an additional pension at the rate of Rs. 300 per year for each completed year of effective service in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 1,500 in respect of service classed in the lower grade. Officers who have held appointments listed in the upper grade will be entitled to an additional pension at the rate of Rs. 500 for each completed year of effective service rendered in any appointment included in that grade, provided that no officer may draw an additional pension in excess of Rs. 2,500 in respect of service rendered in the lower and upper grades combined or in the upper grade alone.

21. These additional pensions will be awarded only to officers who have given proof of special energy and efficiency, and will be subject to the condition that an officer must not retire voluntarily before the age of 55 with less than 28 years' service.

The upper grade includes the Secretary to the Government of India, Public Works Department, the Inspector-General of Irrigation, Chief Engineers of the Indian Service of Engineers, Agents of State Railways (if in pensionable service) and Chief Engineers, Railways.

The lower grade includes Superintending Engineers, Indian Service of Engineers, Deputy Secretary to the Government of India, Public Works Department, Deputy Agents of State Railways (if in pensionable service) and the Secretary, Railway Board (if in pensionable service).

PROVIDENT FUND.

22. A general Provident Fund, to which contribution is compulsory, has also been established on the following basis:—

(1) The contribution is compulsory up to 6¼ per cent. on salaries, with voluntary contributions of not more than a further 9¾ per cent. Subscriptions on leave of any kind are optional.

(2) Compound interest on such payments is annually credited by Government to each officer subscribing.

(3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on quitting the service; or, in the event of his death before retirement, to his legal representatives or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.

For office use only.
